

Coyote Creek Mining Company, L.L.C., is seeking candidates for the following position:

## **FULL-TIME ELECTRICIANS**

Coyote Creek Mining Company, L.L.C. is a lignite, surface coal mine in the United States with a large electric dragline, diesel/electric wheel loaders, and coal preparation facilities located nine miles southwest of Beulah, North Dakota.

Electrician applicants are required to repair electrical mining equipment and facilities to include performing electrical inspections on mine equipment, work with different voltages in electrical systems, and other duties as assigned. Applicants must also perform MSHA electrical inspections and repairs all while performing work in compliance with all laws and regulations, and following all company safety procedures. Additionally, applicants should have a working knowledge of AC and DC circuits, electrical controls, and troubleshooting with an understanding of electrical circuit schematics all while being self-directed. An Associate's Degree in Electrical Technology, Instrumentation Technology, Electronics, or 2 or more years of experience is required. MSHA Green Card is preferred.

The starting wage for this position is \$41.40 per hour. We offer a great benefits package for full-time regular hires to include 401K savings plan with employer match and retirement contribution, medical, dental, vision, life insurance, and other incentives. Benefits are offered on the first day of employment.
