

Edgewood

1ST PLACE: BEST ASSISTED LIVING & BEST RETIREMENT COMMUNITY

Edgewood is Redefining Senior Living

Walking down the hall of any Mandan or Bismarck Edgewood, you will routinely hear joyful chatter and a few cheers. That's in large part due to tremendous life enrichment programs that offer opportunities to engage in the community and have fun too! There are extra cheers this week however, as Edgewood celebrates being named the 2018 Bismarck Tribune Best of the Best list for the 6th year in a row.

"I'm not surprised by this honor," says resident JoAnn Price. "We've got an amazing patio, lots of great events and awesome people. There are so many activities that keep us young at heart. Great things happen here!"

The Edgewood Healthcare senior living communities in Bismarck and Mandan offer independent living, assisted living, basic care, and memory care. Amenities such as a movie theater, fitness center,

chapel, hair salon, billiards room, library and even a coffee shop at Edgewood Village, are available. While each of the three Edgewood communities are unique and may not include every amenity, they are all committed to the same thing – their residents.

Not only are there opportunities to chat over a cup of coffee, get moving with a morning exercise group, or play a rousing game of cards, residents can be secure in the knowledge that staff is available 24-hours a day, seven days a week. "Edgewood strives to provide amazing service, quality, and hospitality to our residents, families and all who enter our doors," says Scott Bernstein, Executive Director for Edgewood Mandan. "Caring staff members work hard to provide a great environment, where our residents have access to purposeful activities and social opportunities, scheduled transportation, and a helping hand when needed."

"I love how Edgewood is involved in the local community" reports Reva Kautz, Marketing Director at Edgewood Village. "Edgewood staff and residents have helped raise funds and participate in walks for the local Alzheimer's Association and the Bismarck Parkinson's Support Group." Edgewood is also a local sponsor of the Bismarck Larks baseball team and the Edgewood Walkin' Wednesday events on the 4th Wednesday of every month inside the Kirkwood Mall.

Edgewood Healthcare is constantly evolving, looking for new and better ways to serve seniors. CaringEdge is an example of the most recent service addition in the Bismarck-Mandan Edgewood communities, and provides physical and occupational therapy at each of the three locations. "Having these additional on-site services means that our residents can receive therapy services conveniently and more frequently,

enabling quicker recovery from illness or injury," said Russ Kubik, President of Edgewood Healthcare.

Edgewood built its first senior living community in Minot, ND in 1993 and is now home to over 2,500 residents in 53 communities across 7 states. Edgewood helps individuals stay as independent as possible, for as long as possible. Edgewood Dominion, Bismarck opened in 1998 and paved the way for Edgewood Village, Bismarck to open in 2009. Edgewood Mandan joined the ranks in 2013, and together, they serve over 400 residents. "Edgewood is proud to have been a part of the Bismarck-Mandan community for 20 years, providing a wide array of services that allow our residents to maintain their independence," noted Denise Lutz, Executive Director for Edgewood Dominion. "We look forward to many more years of great service to come."

BEST of the BEST

Edgewood has been chosen Best of the Best for 2018 in two categories:

Best Retirement Community & Best Assisted Living

We are proud to have this honor 6 years in a row!
