Re: The Crystal Bar
Number FL 305239
Plan of Correction

Dear Mr. Kelley,

This is the plan of correction to show compliance with HER 2020-004-A and HO-2020-005A.

Capacity –
• The bar will maintain chairs far below the 75% normal capacity. 75% of normal capacity is about 67.2 people and chairs at the premises will be between 30-40 (while still maintaining 6 feet distance between patrons).
• All patrons will be required to sit. If any patron is standing, then staff will make any patron return to their seat or that patron will be asked to leave.

Bar seating –
• No chairs will be within 6 feet of well or taps, areas where drinks are passed to servers, ice machines, or other areas used to prepare or serve food or beverages.
• Bar stools will be 6 feet apart.
• Question – if a group of 6 or less comes in together, then can the bar stools be closer than 6 feet apart? Or does that group have to sit at a table?

Closing –
• There will be no patrons in the bar after 12:30 a.m.
Cleaning –
  • The bar will continue to frequently clean and disinfect everything and there will be no shared/community items.

On-site inspection –
  • Please contact Seth at [redacted] to setup a time that works for both parties.

Please let us know if you have any questions.

Sincerely,
Brian Ortega
