

To the Citizens of McKean County – from John H. Pavlock, Candidate for Retention

Ten years ago I was honored by the voters of McKean County to be elected as your Court of Common Pleas Judge. Each day since taking office I have strived to honor the trust you have placed in me. We have:

- * Timely processed a wide variety of civil and criminal actions. As a judge I have personally presided over hundreds of trials;
- * Modernized the dependency process. Striving for stability for children;
- * Implemented, with our local CASA Board, a local CASA program. CASA provides trained and caring adult volunteers for dependent children in the court system;
- * Initiated the Intermediate Punishment (IP) Program. Provides additional sentencing options and lowers costs for the county;
- * Implemented the Good Growing Gardens (3G) Program. The 3G Program has received numerous awards and recognition from organizations across Pennsylvania;
- * Continued the BOONDOCS youth work Program. As McKean County District Attorney I obtained \$150,000 from the Norfolk Southern Settlement to fund this widely recognized, successful program;
- * Obtained grants (state funds with no cost to the citizens of McKean County) to improve county facilities and operations. Over 2 million dollars in improvements at no cost to citizens of McKean County;
- * Worked productively with staff, county and community departments!

When considering my request for retention I kindly and respectfully ask that you consider the facts and our accomplishments - not politically motivated, unfounded, false, last minute, anonymous allegations.

JOHN H. PAVLOCK
