SKUNK TRAIN

Take a step back in time to ride through ancient redwoods on the historic Skunk Train and two-person railbikes! Since 1885 the Skunk Train has been entertaining and inspiring passengers along the renowned Redwood Route, and the views today are virtually unchanged from those of over a century ago. Whether you explore by train or by railbike, you'll be able to stop over at The Glen to hike, enjoy a snack or drink, or partake in some fun games amidst the beauty of the redwoods!

Trains and railbikes have multiple departures daily from Fort Bragg and Willits.
