

STAFF UP

MENDOCINO COUNTY

Dear Mendocino County residents and businesses,

We're sorry about the delays and hassles to get the services you need and expect. **You deserve better.**

Nearly 27% of jobs at Mendocino County are unfilled, with employees leaving faster than they are being recruited, slowing down county services. Current employees are having to stretch to cover two or more jobs. Comparatively low pay amid a severe housing crisis and skyrocketing inflation have simply made County jobs uncompetitive.

The County Administrator's answer? So far -- none.

Mendocino residents deserve better.

Please help us solve this problem:

Urge the Board of Supervisors to take action to staff up Mendocino County!

Sincerely, Mendocino County Employees

Contact the Mendocino County Board of Supervisors and urge them to staff up Mendocino County.
