

Gentrain Society Lecture at Monterey Peninsula College

So Many Books, So Little Time

Why not read the best books? Join **Gerry Kapolka** to learn more about Gentrain's Book Club. Gerry will talk about the groups' latest Zoom discussions on Shakespearean plays and the upcoming book *Steppenwolf*. Did you know the band that sang "Born to Be Wild" took its name from this novel? Gerry will talk a bit about the rationale for founding the Book Club group, describe its discussions and speak about some of the books they have examined. There will also be a brief Zoom tutorial, for those who want to learn how to use the program so they can join in.
