## Evelyn's Story

(pictured above on our annual rafting trip)

"Evelyn was born with genetic conditions that make everyday experiences - school, play, adventure - more complex. Above all," her mother shares, "we want our children to lead lives of happiness, filled with friends and experiences to treasure." Finding inclusive spaces for Evelyn hasn't been easy, until they discovered Urban Works' Wheels + Waves program. "Urban Works has been warm, inviting, and genuinely interested in engaging Evelyn and our family. From the first call, the tone was 'How do we make this happen?' ...They tailored a rafting trip to Evelyn's needs, and she had a tremendous time rafting the American River and loved the big rapids and splashes." For her family, it was more than just a trip—it was a **moment of belonging**. "We are truly grateful for their encouragement, compassion, and understanding. Urban Works helped Evelyn **feel included**, and gave our family the **confidence** to keep exploring what's possible."

-Brenda, Evelyn's Mother
