Happy Birthday: Being upfront and forceful will get you where you want to go. It's up to you to create opportunities and to follow through. Trust your instincts and be the one to make things happen. Initiate your plans without hesitation or dependence on others. Take control, make your mark and do whatever it takes to advance your plans. Choose the path that leads to serving your purpose and gaining peace of mind. Your numbers are 4, 11, 20, 24, 33, 38, 41.

ARIES (March 21-April 19): Avoid conflict, excess and indulgent behavior. Relax, take a little "me time" and unwind. Put your energy into self-improvement projects and revamping your budget to meet demands. Focus on lowering your overhead and getting rid of clutter and items you can donate or sell. A workout or hike will encourage you to make positive lifestyle changes. ★★★★

TAURUS (April 20-May 20): You have options, so don't let mixed emotions and manipulative people get in your way. Know when to say no and distance yourself from others. Concentrate on research, knowledge and gaining experience that will contribute to getting ahead. Work toward your goal without displaying your intentions or your progress. Discretion is in your best interest. ★★

GEMINI (May 21-June 20): Explore the possibilities. Attend a trade show that offers insight and options into how you can use your skills efficiently. Staying on top of what's trending and customizing your attributes to fill a void can lead to moneymaking opportunities, provided you refrain from making unrealistic promises. Honest communication and finishing what you start are essential. ★★★

CANCER (June 21-July 22): It's time to rethink your lifestyle. Pay attention to meaningful relationships and cater to those you cherish. Share your intentions and make plans that give you something to look forward to. Happiness is about building memories and spending time with the people who bring out the best in you. Love and romance are in the stars. ★★★

LEO (July 23-Aug. 22): Think twice before you initiate change or donate to something you cannot afford. Letting others guilt you into participating or contributing your time, money or skills will lead to dissatisfaction. Keep your plans to yourself and your options open to avoid being taken for granted. Do your research, and stick to the rules and regulations. ★★★

VIRGO (Aug. 23-Sept. 22): Participate in events you enjoy and that encourage you to connect with people who share your beliefs. New surroundings will spark your

imagination and inspire you to make a positive move. Upping your game through educational pursuits or by using your skills to help others will prompt you to expand your interests. Romance is favored. ★★★

LIBRA (Sept. 23-Oct. 22): Domestic situations will require patience, tolerance and serious thought. You are best to take a wait-and-see approach. A premature move will leave you in a vulnerable position and force you to backtrack. Your time and energy will yield the highest return if you attend to your responsibilities and personal concerns. Say less and do more. ★★★★

SCORPIO (Oct. 23-Nov. 21): Welcome change into your life. Try something new, explore possibilities, expand your mind and let your emotions lead the way. The people you meet along the way will enrich your life and encourage you to participate in events and challenges that will help you head in a meaningful direction. Take responsibility for your happiness. Romance is favored. ★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Put more thought into setting up a new budget and managing your money wisely. If there is something you want to save for, now is a good time to set up a fund or enlist help from those who believe in you. Reconsider how you earn your money and what's most important to you regarding your lifestyle.

★★★

CAPRICORN (Dec. 22-Jan. 19): Reconfigure and fine-tune your plans according to your options. Once you have a clear direction, you'll find it easier to confront anyone standing in your way. Time and money are critical to home, lifestyle and meaningful relationships. You are overdue for a positive change. Personal growth and engaging partnerships are prevalent. ★★★

AQUARIUS (Jan. 20-Feb. 18): Contemplate your future and the best way to proceed. A lifestyle change may be the best way to get back on track and off the treadmill that is dragging you down. Put time, effort and energy into sourcing what's available and into redesigning how or where you live to fit your budget and your dreams. ★★★

PISCES (Feb. 19-March 20): Keep track of what everyone around you is doing and aim to contribute the equivalent – plus a bonus. An opportunity will arise if you do your part and make a difference. Forward thinking will help you encourage others to follow your lead. Don't hesitate to step into the spotlight and influence others.

Romance is favored. ★★★
