

HOROSCOPE by EUGENIA LAST

Sunday September 6th, 2026

CELEBRITIES BORN ON THIS DAY: Idris Elba, 54; Justina Machado, 54; Rosie Perez, 62; Swoosie Kurtz, 82.

Happy Birthday: What you give you will get back twofold. Put your heart and soul, along with your intellectual expertise, into whatever you do, and the assistance you need to reach your goal will gravitate to your side. A passionate approach to life, love and following your heart's desires will surpass your expectations. Don't settle for less than what you want. Learn from the past, and enjoy what comes your way. Your numbers are 7, 13, 22, 29, 34, 38, 41.

ARIES (March 21-April 19): Overreacting will cost you. The only area where too much action will help is in competitive situations. Play to win, but don't exaggerate or let poor behavior take over. Be a good listener, and handle domestic issues with compassion. Choose kindness and consideration over criticism and jealousy. Keep an open mind, live up to your promises and avoid emotional arguments. ★★

TAURUS (April 20-May 20): Focus on home, family and living up to your promises. If you mix business with pleasure, you'll gain respect and allies you can count on. Put your energy into doing your best, not criticizing others. Spending time with someone who shares your interests will lead to new possibilities. Set a budget, and rely on intelligence and experience to succeed. ★★★★★

GEMINI (May 21-June 20): Temptation and desire will lead you astray. Don't jump into something prematurely. Be inquisitive, and get the facts and figures before you participate. Taking a risk will lead to stress and anxiety. Take a pass if you have any doubt about the outcome.

Your best return will come from what you learn. ★★★★★

CANCER (June 21-July 22): Listen to your inner voice, not what others tell you. Misinformation will lead to bad choices and stress. Pay more attention to where and how you live and the ones you love. Personal improvements will be far more rewarding than giving in to someone who is using pressure tactics or hype to take advantage of you.

Choose peace of mind. ★★★★★

LEO (July 23-Aug. 22): Research is necessary. A hands-on approach to how you handle matters will make a difference in the outcome. Don't trust someone trying to tell you that you need something you don't. Be your own advocate and know when to say no. Choose to soothe your soul by controlling how and where you live. Make romance a priority. ★★★★★

VIRGO (Aug. 23-Sept. 22): Dig in and tidy up. Attend networking functions or events that will help you parlay your attributes into something you enjoy doing and can

profit from. Use your voice to make a difference and to engage in projects that make you feel good about who you are and what you contribute. A financial gain is within reach. ★★★★★

LIBRA (Sept. 23-Oct. 22): Take a moment, pause and go over the facts and figures before you agree to anything. Negotiations that move too fast will lack substance. If you spend more time on creative endeavors or pampering yourself, you'll gain insight into what's important to you. You have more to offer than you think, so don't sell yourself short. ★★

SCORPIO (Oct. 23-Nov. 21): An emotional or physical journey will be revealing. What you discover about yourself or someone else will change how you move forward. Don't be afraid to walk away from situations that have run their course. Share your feelings, and let go of whatever doesn't feel right. It's time to set your radar on what matters most to you. ★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Don't overspend on home improvements or trying to meet someone else's expectations. Offer only what's within your means. The time you spend on self-improvement and personal growth will bring you far higher returns and a chance to improve your life and your relationships with the right people. Learn to love and honor yourself first. Romance is favored. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Promise less. Put yourself first, and protect what you've worked so hard to achieve. Refuse to give anyone the chance to make you look bad or to take advantage of you. Call the shots, make the moves that position you to excel and surround yourself with people you love and can trust. Make transparency your barometer. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): It's time to set goals and timelines. Start by adding to your qualifications, and consider how you want to use your experience and attributes to bring in more cash. Don't shy away from following your heart and pursuing something that helps you attract attention, respect and personal growth. Don't ignore health, financial or legal matters that need attention. ★★★★★

PISCES (Feb. 19-March 20): Activities that allow you to express yourself or enhance your creative imagination will lead to interesting conversations and opportunities. An energetic approach will put you in the spotlight, giving others a chance to get to know you and what you can do firsthand. Be careful when it comes to expenditures. Emotional spending will set you back. ★★★★★
