Happy Birthday: Reconfigure how you live, move forward and use your time and skills. Offer what you no longer need to those who can put your clutter to better use. Open space, time and doors that lead to new beginnings, exciting places and people who are heading down a similar path. The joy and freedom you feel from doing what's best for you will exceed your expectations. Personal growth is in the stars. Your numbers are 5, 13, 21, 28, 30, 41, 44.

ARIES (March 21-April 19): Keep your life simple, affordable and running efficiently. Venture forward with enthusiasm and the intent to be resourceful, and stay up to date on developments. Staying on top takes time, initiative and making sure you have your facts straight. Don't mix business with pleasure or offer too much personal information. Be friendly and helpful but on guard. ★★★★★

TAURUS (April 20-May 20): A change will give you a unique perspective on life, love and moving forward. It's a good time to shed bad habits and replace them with something new and exciting. Sign up to learn something that interests you, and you'll connect with people who will add value to your life and the path you take. ★★★★★

GEMINI (May 21-June 20): Review your involvements and what's consuming time you don't have to spare. Eliminate whatever feels empty or ungratifying, and replace it with a project or group that makes you feel alive and good about your contributions. A take-charge attitude will help you gain support, recognition and the opportunity to bring in extra cash. ★★★★★

CANCER (June 21-July 22): Expand your circle of friends. Reach out to organizations, institutions or government agencies, and get the lowdown on protocol before you initiate change. An opportunity to use your strengths and skills differently will create additional income. A partnership looks inviting, but it's essential to get what you want in writing. Love and romance are in the stars. ★★★★★

LEO (July 23-Aug. 22): Consider your needs. Open communication is necessary if you plan to make progress in both personal and professional affairs. Precision and discipline are necessary if you plan to excel. ★★★★★

VIRGO (Aug. 23-Sept. 22): Do something you enjoy or that makes you feel good about how you look, what

you can do or the prospects that excite you. It's up to you to formulate your plans and to lay the foundation for what you want to achieve this year. Refuse to let anyone stand in your way. ★★★★★

LIBRA (Sept. 23-Oct. 22): Focus on learning, practicing and honing your skills. Keep your eye on your dreams, hopes and wishes, and not on what others want you to do. You must satisfy your needs first. Take responsibility for your happiness, and reconsider your relationships with demanding individuals. Offer suggestions instead of taking on other people's burdens. ★★★★★

SCORPIO (Oct. 23-Nov. 21): Keep close tabs on your finances and how much you spend on entertainment, self-enhancement or trying to impress others. Your best results will come from learning something new that can upgrade your standard of living and make you less dependent on others. A change of scenery can shift your perspective on how you move forward. ★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Be careful what and how much information you share. Someone will twist your words if you aren't precise with your facts, figures and promises. Emotions will fester if you get caught in someone's trap or miscalculate the cost of a guarantee. Spend less time talking and more time on physical tasks that require your attention. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Restructure your living expenses to fit your budget. Start the year off with realistic good intentions, and feel the benefits of peace of mind and a plan that's attainable. Rethink your schedule, and fill in any blanks with a pastime or project that makes you feel good and doesn't create debt. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): Plan your day strategically. Personal change will positively impact how well you do. Be open to suggestions, but manipulate the information you receive to accommodate your intentions. PISCES (Feb. 19-March 20): Participate in events that offer opportunities and insight into how to use your skills in a manner more in tune with doing something you enjoy. Changing your domestic situation may not be well-received, but it will be necessary to reach your goal. Weigh the pros and cons, and consider offering incentives. ★★★★★
