**Happy Birthday:** Hold on tight. Evaluate every situation with honesty and care before you unleash your thoughts or sign up for something that may not serve you well. Time is on your side, and consideration of others will help you gain perspective regarding possibilities and your desires.

A shift is taking place that requires you to be open-minded and alert regarding what's possible. Keep your life simple, and rewards will follow. Your numbers are 4, 18, 25, 31, 34, 38, 43.

**ARIES** (March 21-April 19): Channel your energy into making a difference. Volunteer or start a campaign that helps those in need. What you put out is what you'll get back, so refrain from letting your emotions overrule common sense or doing what's right. Working alone will erase interference and give you the time you need to get things done to your specifications. ★★

**TAURUS** (April 20-May 20): Use your voice to make a difference. Communication is your specialty today. Set up meetings, make cold calls and share your intentions, plans and attributes with those who can help support your efforts. It's time to make a move that motivates you to follow your heart and to use your connections and skills to manifest your goals. ★★

**GEMINI** (May 21-June 20): Before volunteering your time, skills or money, do your research. Choosing the right gift for what you want to contribute to will ensure that you are helping what concerns you most. A positive change to how you handle your finances and payment methods will protect you from scammers and help you manage your everyday expenses frugally. ★★★

**CANCER** (June 21-July 22): Pay attention to detail to avoid criticism or jeopardizing your reputation. Keep your facts straight, and only share with those you know you can trust. Mixed emotions will play games with your heart, causing you to overreact or make mistakes due to misinformation. Don't rush when dealing with institutions, government agencies and financial matters that require attention. ★★★

**LEO** (July 23-Aug. 22): Don't count on others for the information you require to make a sound decision. When in doubt, go directly to the source and make the necessary alterations personally. If you depend on someone else to do the work for you, disappointment will set in. Live, learn and explore the possibilities, and you will surpass your expectations. Self-improvement is favored. ★★★

**VIRGO** (Aug. 23-Sept. 22): Participating in functions that interest you or offer insight into unique ways to use

your skills will pay off. A partnership will change how you invest in your future. A career move or investment opportunity will pay off if you are patient. Helping someone out will turn into a win-win situation when you need a favor.

★★★★

**LIBRA** (Sept. 23-Oct. 22): Avoid anyone using emotional manipulation. Keep tabs on who does what and how you can shine brightly using your charm and unique skills. Networking functions will allow you to formulate a good rapport with those who can help you position yourself for success. Engage in something physical. Being active will stimulate your mind, body and soul. ★★

**SCORPIO** (Oct. 23-Nov. 21): A change at home or visiting a place you've never been before will ignite your imagination, giving way to creativity and bold ideas. Explore the possibilities, and consider how you can make the most of whatever opportunity unfolds. Host an event or start a project that gives you a platform to share your concerns and solutions. ★★★★★

**SAGITTARIUS** (Nov. 22-Dec. 21): It's what you do today that counts. High energy, innovation and finishing what you start will lead the way to victory. Home improvements, domestic resolutions and investing time in developing meaningful relationships will give you plenty to look forward to. A change in your career or how you manage your money looks promising. Romance is favored. ★★★

**CAPRICORN** (Dec. 22-Jan. 19): A stationary plan will save time and money. Avoid interacting in confrontational situations. The idea is to complete your objective. Distance yourself from anyone looking for a fight or who may put you in a no-win situation. Protect against health or financial risks. Refuse to let your emotions lead you astray or your actions cost you your reputation. ★★★

**AQUARIUS** (Jan. 20-Feb. 18): Put more thought into what's important to you before going on a spending spree. Whether it's shopping for items you don't need, indulging in overpriced entertainment or trying to buy acceptance or favors, consider not doling money out but putting a rigorous savings plan in place instead. You'll misinterpret an emotional gesture. Ask questions before you respond. ★★★★★

**PISCES** (Feb. 19-March 20): Explore the possibilities, attend social events or participate in activities that challenge you mentally and physically. A domestic problem will surface if you or someone close to you isn't transparent. Choose straight talk, and stifle any conflict that's festering. To avoid repercussions, be sure that your actions and words send a very clear message. Choose peace over chaos. ★★
