Romance is favored. ★★

TAURUS (April 20-May 20): Set your sights on whatever piques your enthusiasm. Following your heart and fulfilling your desires will help channel your energy in a direction that offers freedom. Be true to yourself, and let go of what's holding you back. A change may not be easy, but it may be necessary to get you where you want to go. ★★

GEMINI (May 21-June 20): Life choices are best addressed sooner rather than later. Conflicting feelings will cause confusion, making it necessary to reach out to experts and redesign how you move forward. Compromising will help you maintain the status quo. Look out for those in need, and you'll find the peace of mind to set yourself free. The right choice is imminent. ★★

CANCER (June 21-July 22): Taking a pause will give you the time and space to view the outcomes. Put your ego aside and consider how others will fare from the decisions you make. Talks will reveal the impact you have and the vulnerability that surrounds fragile situations. Protect the physical and emotional well-being of yourself and those you encounter. Be compassionate and thorough. ★★

LIBRA (Sept. 23-Oct. 22): Embrace change. Refuse to let anger surface or others intervene. Pick and choose who gets to sit at your table. The sky is the limit if you are willing to act and do what makes you happy. Waffling is the enemy; honesty and pursuing what your heart desires are the paths to stability and freedom. ★★

SCORPIO (Oct. 23-Nov. 21): Funnel your thoughts and actions instead of casting your fate to the wind and taking on the impossible. Know your limitations and your strengths, and act accordingly. You'll gain the most by using your intelligence and patience to see matters through to the end. Completion is the prize. Choose quality over quantity. ★★

SAGITTARIUS (Nov. 22-Dec. 21): Put your plan in place, and focus on achieving what you set out to do. Checking facts will eradicate misinformation and poor decisions. ★★

AQUARIUS (Jan. 20-Feb. 18): Pay attention to spending and taking better care of yourself and your finances. Rethink how you use your skills and earn your living, and you'll find an interesting chance to bring in extra cash. A work-from-home program will help increase your awareness of what's lacking in your life and how to resolve financial issues. Self-improvement is favored. ★★

PISCES (Feb. 19-March 20): A little socializing will boost confidence, enthusiasm and your ability to march toward new beginnings. Communication will help you sort through your differences and encourage you to surround yourself with those who offer positive support and hands-on help.
