Happy Birthday: Use your vision and wisdom to assess situations and devise how best to achieve your objective.

Put your energy into home improvements and keeping your possessions safe and your documents up to date. Managing your life will require a tight budget and finding new sources of income or investments to support financial growth and a stable, secure future. Keeping your plans and goals reasonable and straightforward will help you maintain your chosen lifestyle. Your numbers are 3, 8, 19, 24, 33, 37, 46.

ARIES (March 21-April 19): Believe in yourself, your ability and your desire for peace of mind. Refuse to let the upsets overrule your demeanor and lessen your chance to experience the perks that come with hard work and paying it forward. Direct your strength, wisdom and experience to self-improvement and building a solid base to house your heart and hopes. ★★★

TAURUS (April 20-May 20): Seek help from those with more knowledge and experience, and you'll make a lasting connection. How you conduct yourself in situations that require your attention will make or break how others feel about you and your contributions. Too much talk and not enough action, giving in to temptation or neglecting to share will cost you. ★★★

GEMINI (May 21-June 20): Change requires willpower, time, effort and action. Look around you and draw strength from what you observe. Let those who set a good example be your vision for the future. Say no to extravagance and yes to a wasteless lifestyle. Don't let anger rob you of joy; adopt a positive attitude and thrive. Choose love, and dismiss hatred. ★★★

CANCER (June 21-July 22): Use your head. Come up with a plan, and do your best to see it through to completion. Distance yourself from those who are shortsighted and self-serving. Join forces with like-minded people, and do your best to have a positive impact on others. Take care of your responsibilities to avoid criticism. Choose to make a proactive, peaceful push forward. ★★★

LEO (July 23-Aug. 22): Take the path that leads to knowledge, experience and the wisdom to make the best choice. Put your energy to work for you and clean up unfinished business. Put the past behind you; liberate your soul from any temptation and sorrow that stands between you and new beginnings. Let go and embrace what lies ahead, and something good will happen. ★★

VIRGO (Aug. 23-Sept. 22): You're on the right path. Be receptive to suggestions and ready to align what you receive with what you can achieve. Intellect and action go hand in

hand when living, learning and interacting with others are present. Embrace partnerships with equality in mind, and happiness will find its way into your heart. Change begins with you. ★★★★★

LIBRA (Sept. 23-Oct. 22): Choices, temptation, uncertainty and consequences are apparent. Stick close to home, keep busy and take care of matters you've left undone. Discipline will be necessary to avoid letting someone suck you into their dreams. Taking a back seat when your reputation or relationships are in jeopardy puts you in a vulnerable position. Do what's best for you. ★★★

SCORPIO (Oct. 23-Nov. 21): Emotions will cloud your memory. Don't lose sight of the past. The best route forward is the one that remembers past mistakes. Let your experience guide you into a free and prosperous future. Use your intelligence and foresight to bring about changes that promote love, peace of mind and happy memories. Delete negativity, and hit the reset button. ★★★

SAGITTARIUS (Nov. 22-Dec. 21): Stay away from those who try to rule your life. Arguing is a waste of time, and hanging out with those who disrupt your schedule, values or prospects is best avoided. Protect your home, your health and your financial well-being. Focus on self- and home improvements, and follow your dreams. Choose love over discord, and you can thrive. ★★★

CAPRICORN (Dec. 22-Jan. 19): Avoid crowds, travel and situations that create uncertainty. Use your intelligence, clout and connections to harness your desires and get the most out of whatever you pursue. A positive change is within reach if you verify information and use strength and courage to manifest opportunities and ward off temptation. Set a budget, and save for a brighter future. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): Keep the momentum and money flowing in a direction that offers greater security and safety. Avoid emotional decisions and spending that promise the impossible and fall short. Take time to review your long-term plans and what your to-do list dictates you should do to reach your destination before letting temptation lead you into ambiguous shortcuts. Put yourself first. ★★

PISCES (Feb. 19-March 20): How you earn and manage your money will lead to unexpected opportunities. Deal with authority figures to ensure you have complied with rules and regulations and achieved the best results. An opportunity can change how or where you live. A social event will pose challenges if you are indulgent, while intellectual heart-to-heart talks yield higher returns. ★★★★★
