Wednesday February 25th, 2026

CELEBRITIES BORN ON THIS DAY: Rashida Jones, 50; Chelsea Handler, 51; Sean Astin, 55; Tea Leoni, 60.

Happy Birthday: Choose positivity over negativity and fine-tune the outcome of whatever comes your way this year. You'll gain insight and invitations that go above and beyond your expectations if you are upbeat and ready to act, offering constructive, encouraging support to those you encounter. The more you give, the more you will get in return. Make this a year to reflect, reevaluate and rejoice. Peace and love are on the rise. Your numbers are 1, 15, 18, 26, 32, 39, 43.

ARIES (March 21-April 19): Keep your thoughts and feelings to yourself. Conversations will escalate quickly if you discuss a touchy situation. Give yourself a chance to absorb your options and to consider the consequences of your actions. Choose to do something constructive that requires your undivided attention while keeping you out of harm's way. Bide your time, and the tide will turn.

★★★

TAURUS (April 20-May 20): Put your money and possessions in a safe place, and keep your secrets to yourself. Focus your attention on learning something new, gathering information and verifying facts. Choose peace and love over discord and chaos, and update your appearance while using your charm to enhance your appeal. Make romance and love your goals. ★★★

GEMINI (May 21-June 20): Let common sense guide you. Refuse to let your emotions spin out of control and cause you to act in haste. Your best response to whatever is going on around you is to take a timeout and throw your energy, body, mind and soul into an activity that helps you blow off steam and think rationally. ★★★

CANCER (June 21-July 22): Be sure to go over every detail carefully. Dealing with institutions and government agencies will command attention. Be a good listener, and you'll gain an unexpected edge. The less you reveal, and the more you learn and absorb, the better off you'll be. Take a broad look at the possibilities, but take small steps forward. ★★★

LEO (July 23-Aug. 22): Gather information, and use what you discover to make a difference. How you engage with others will set the tone for what's to come. Precision and detail, along with kindness and consideration, will encourage others to support you. Keep life simple and live within your means. A reunion, a trip or an educational pursuit will enrich your life. ★★★

VIRGO (Aug. 23-Sept. 22): Look out for your best interests. Your success will not please those competing with you, but with a show of compassion, a kind word

or an encouraging offer, you can win the support you need to move forward without negativity or opposition. Networking will promote partnerships. Personal gain, love and romance are on the rise. ★★★

LIBRA (Sept. 23-Oct. 22): Choose carefully when sharing information. Someone will twist your words if it helps them get ahead. You are best to represent yourself in situations that can affect your reputation. Don't promise more than you can deliver. Mull over what's doable; a realistic suggestion will have a far greater impact than trying to deliver the impossible. ★★★★★

SCORPIO (Oct. 23-Nov. 21): Don't let the little annoyances get to you. You have so much to gain if you are congenial and compassionate in your interactions with others. Put your energy into home and domestic upgrades. Self-improvement will serve you better than trying to change others. A positive attitude will help you gain respect and loyalty. Romance is favored. ★★★

SAGITTARIUS (Nov. 22-Dec. 21): Don't share personal information. Stick close to home, and you'll save money and avoid people who annoy you. Keep your emotions in check, and say no to temptation. Focus on making your home user-friendly, cost-efficient and comfortable. A change to how you earn your living or handle your cash will have a positive impact on your life.

★★★

CAPRICORN (Dec. 22-Jan. 19): Fend for yourself. Back away from anyone who tries to dictate what you can or can't do. You are overdue for a change, and it's up to you to enforce what's in your best interest. Joining forces with someone who has as much to offer in return looks promising. Joint ventures, financial gains and personal growth are favored. ★★★

AQUARIUS (Jan. 20-Feb. 18): It's time to further your agenda. A chance to advance and use your skills and expertise in a way that pleases you is within reach. Don't ignore an opportunity that appears unexpectedly. If you want something, it's up to you to make the first move. High energy and a positive attitude will help you excel.

★★★★★

PISCES (Feb. 19-March 20): Take care of domestic, legal, financial or medical issues that you left undone. It's never fun to clear the clutter from your life, but the benefits will quickly come as you feel more at ease about pursuing your dreams. It's time to shed the past and to embrace personal growth and the life you desire. ★★
