**CELEBRITIES BORN ON THIS DAY:** Gabby Douglas, 30; Joey McIntyre, 53; Bebe Neuwirth, 67; Anthony Hopkins, 88.

**Happy Birthday:** Give yourself a chance to calibrate what satisfies your needs before you venture forward. Having the facts and formulating the outcome first is necessary this year if you want to be successful. Being happy with yourself and how you look, feel and present yourself to others qualifies you to give your all and assume a position of control. Put your emotions to rest and your valuable assets to work for you. Your numbers are 8, 19, 22, 27, 36, 42, 45.

**ARIES** (March 21-April 19): Take a unique approach to personal money management, and you'll find a way to make your dollars stretch. Make lifestyle or home improvement changes that help to lower your overhead. A minimalist attitude will help you say no when temptation taunts you. Don't trust someone else to handle your money or possessions. Do for yourself. ★★★★★

**TAURUS** (April 20-May 20): A passionate approach to whatever you do will give you the advantage over anyone who tries to compete with you. Rise and do what you enjoy doing most, and you'll gain momentum and insight into how you want to spend your time. Home improvements offer adequate space to pursue your dreams. Physical improvement is favored. ★★★★★

**GEMINI** (May 21-June 20): Explore new possibilities. Visit places of interest and consider making a move if it justifies the means. Listen to your heart, not what others try to lead you to believe. Do your research, make choices that benefit you and head in a direction that excites you. A straightforward attitude will encourage good results. ★★★★★

**CANCER** (June 21-July 22): Don't put off what requires your attention now. The sooner you put your chores behind you, the better you will feel. Have the discussion that fixes problems, even if it makes you uncomfortable. The outcome will be what's best for you, even if you experience some backlash. Change will make room for a new adventure. ★★★★★

**LEO** (July 23-Aug. 22): Check your motives before you engage in something questionable. An opportunity will turn into a lesson if you aren't specific regarding what you are willing to contribute. Partnerships can be advantageous if well-defined and sealed with a signature. Your charm and appealing nature will attract both good and bad intentions. Monitor your encounters and conversations carefully. ★★★★★

**VIRGO** (Aug. 23-Sept. 22): You can have fun if you mix and mingle today and if you don't make promises

you'll regret. Stick to the basics, and map out your game plan with precision and detail. Letting your emotions take over will cost you your reputation. Take time to verify facts, look at logistics and consider what you are willing to contribute. ★★★★★

**LIBRA** (Sept. 23-Oct. 22): Stick close to home, protect what you've worked so hard to achieve and put your energy into tidying up loose ends. Conversations or work-related matters will easily veer off in the wrong direction. Maintain your position; if you deviate, you'll put yourself at risk. Avoid traps, review information and take ample time to respond. ★★★★★

**SCORPIO** (Oct. 23-Nov. 21): Consider your options and embrace what you find most appealing. Personal and professional partnerships can improve if you communicate openly and honestly regarding what you are willing to contribute and what you expect in return. Avoiding surprises will help you build solid unions you can count on forever. Romance and self-worth are on the rise. ★★★★★

**SAGITTARIUS** (Nov. 22-Dec. 21): A change at home or a domestic problem will surface if you don't manage your time sufficiently or if you don't deliver on your promises. Be sure to stick to what's feasible. Be just as diligent when an offer seems too good to be true. Ask questions and opt out if you sense a hidden agenda or cost. ★★★★★

**CAPRICORN** (Dec. 22-Jan. 19): Set standards that will carry you in a direction you see fit. Put an end to what's no longer useful, and clear a path that can encompass what excites you most. Life choices begin with you and your ability to make things happen. Ask direct questions and give straight answers. Let desire lead the way. ★★★★★

**AQUARIUS** (Jan. 20-Feb. 18): Make your surroundings more inviting or user-friendly. How you organize and set up workstations for projects will affect your productivity. You don't have to spend money to make your lifestyle more convenient. Don't let anyone talk you into something you don't need or want. Stick to your plans and your budget. ★★★★★

**PISCES** (Feb. 19-March 20): Don't neglect or underestimate the extent of a job or project. If you take something on or make a promise, fulfillment will be the determining factor that affects your reputation. Word of mouth is the best form of promotion and the gateway to additional opportunities. Someone you meet will show interest in you personally or professionally. ★★★★★
