

HOROSCOPE by EUGENIA LAST

Saturday August 15th, 2026

CELEBRITIES BORN ON THIS DAY: Jennifer

Lawrence, 36; Joe Jonas, 37; Anthony Anderson, 56; Debra Messing, 58.

Happy Birthday: Set boundaries with anyone who interferes in your life. Having an open mind is good, but trying to please those who don't deserve your generosity and help will only bring you down. Put your time and effort into whatever enhances your life and encourages you to do and be your best. Opportunities to learn, travel and participate in projects and pastimes that you find mentally, physically and emotionally intriguing and creative are encouraged. Your numbers are 7, 15, 23, 26, 33, 38, 49.

ARIES (March 21-April 19): Listen to your inner voice, address issues of concern and express your emotions with unfiltered truth. Positive change is about to unfold regarding work, money and relationships. Mix business with pleasure, and you'll ignite a host of unexpected opportunities. Love, romance and greater security are yours to discover. Put greater emphasis on looking and feeling your best. ★★

TAURUS (April 20-May 20): Chip away at projects that ease stress and give you room to breathe. Jumping into competitive or social settings will lead to anxiety and a tendency to overreact. Don't indulge when your time and effort can lead to a new you. Say less and embrace physical activities that require discipline. Don't stew over what you cannot control. ★★

GEMINI (May 21-June 20): A new look, personal project or form of entertainment will change how you view your lifestyle. It's in with the new and out with the old. Embrace what motivates you to follow your heart. Home improvements that help you establish something you enjoy doing in your daily routine will be uplifting. Love, romance and creative endeavors are favored. ★★

CANCER (June 21-July 22): Don't overdo it or get into a frenzy over things you cannot change. Worry and anxiety will wear you down physically, causing chronic health issues or leading to other repercussions. Bide your time, think matters through, ask experts for advice and leave yourself breathing room. Take a moment to establish what you want and how to obtain it. ★★

LEO (July 23-Aug. 22): Don't stop setting goals until you satisfy your appetite for what you desire. Use your charm and finesse to captivate attention and to propel you to the forefront of whatever you pursue. Take the initiative to create and complete what you want to achieve, and you'll make an impression on someone who is connected and able to help. ★★

VIRGO (Aug. 23-Sept. 22): Take a moment to size up situations that offer too many choices. Don't feel pressured to follow someone else. It's up to you to reevaluate and

research to avoid making a mistake. By putting your credit cards in a safe place, you'll save yourself from purchasing items that don't live up to their promises. ★★

LIBRA (Sept. 23-Oct. 22): Don't let anger take over. Taking on too much will cause you to fall short. Risk will lead to anxiety, not profit or pleasure. Pay attention to how others treat you. Someone will take advantage of you if given the opportunity. You can be charming without giving in to someone's demands. Change only what's convenient and beneficial. ★★

SCORPIO (Oct. 23-Nov. 21): Press pause and rethink your strategy. Trying to break down barriers will be costly in lost time, effort and money. Learn from your experiences in order to dodge an emotional setback. Trust your instincts, not what someone tries to convince you to believe. Keep documents current, and abide by rules to avoid intervention.

A physical outlet will ward off anxiety. ★★

SAGITTARIUS (Nov. 22-Dec. 21): Kindness and courtesy are your tickets to getting what you want. If you size up your work situations and mix business with pleasure, you'll score points with someone who can help you excel. You have plenty to gain if you are up to date with the latest and greatest technology or whatever motivates your professional gains. Romance is favored. ★★

CAPRICORN (Dec. 22-Jan. 19): Keep your thoughts to yourself. Being a good listener will give you the advantage when you need it. Anger solves nothing, and addressing issues prematurely will lead to regret. Press pause and observe. What you discover will help you navigate your way forward with less aggravation and more common sense and practicality. ★★

AQUARIUS (Jan. 20-Feb. 18): Push for what you want and give something back. A fair and honest approach will help you move forward without regret. Getting along and being willing to meet in the middle is half the battle when you face a dispute. A social event or celebration will lead to unexpected opportunities for new beginnings. Romance is in the stars. ★★

PISCES (Feb. 19-March 20): What you do to make your space more functional will encourage you to expand your interests. Avoid interacting with those putting pressure on you to change. When criticism comes your way, walk away. Don't let someone else decide who you are or what you should be like. You are your best critic. Size up and choose justifiable self-improvement projects. ★★
