Friday January 30th, 2026

CELEBRITIES BORN ON THIS DAY: Wilmer Valderrama, 46; Christian Bale, 52; Phil Collins, 75; Charles S. Dutton, 75.

Happy Birthday: Pay attention to health, wealth and your overall well-being. Look for a way to explore adding additional skills to your resume that will point you in a direction that shows greater earning potential. You stand to make progress if you work hard and negotiate with confidence. A domestic move is encouraged. Don't wait; it's up to you to create the possibilities you want to pursue. Your numbers are 5, 16, 23, 28, 31, 38, 47.

ARIES (March 21-April 19): It's what you accomplish that counts. Pick your battles and focus on what's meaningful to you. Manage your emotions appropriately, and take precautions when dealing with domestic issues that can lead to exaggerated circumstances. Be creative when lending a helping hand, and use your skills and experience to sidestep anyone who tries to take advantage of you. ★★

TAURUS (April 20-May 20): Take a greater interest in establishing facts and researching the possibilities. The time you spend puttering at home or checking out the cost of making your space user-friendly and comfortable will encourage a positive lifestyle change. Refuse to let someone lead you in a direction that exceeds your budget. Protect your reputation and meaningful relationships.

★★★

GEMINI (May 21-June 20): Use your powers of persuasion to gain acceptance. The backup you generate will shorten the time it takes to turn your idea into a reality. Call in favors and keep the momentum flowing. Don't be shy; if you want to get to know someone better, use your charm and chat them up. Love is in the stars. ★★★

CANCER (June 21-July 22): Take care of responsibilities first, and enjoy your downtime. An adjustment to your routine or workstation will yield cost-efficient results. Make plans to participate in an event that sparks your interest or promises to help you hone or update your skills, and you'll encounter someone who puts you at ease and takes comfort in sharing their feelings. ★★★

LEO (July 23-Aug. 22): Don't hide behind a blank smile when you have something on your mind that needs to be said or done. Choose your words wisely, and you'll get your point across without offending anyone; it will also set you up for advancement or make you the go-to person in your circle. Partnerships are favored, and a commitment looks promising. ★★★

VIRGO (Aug. 23-Sept. 22): Examine your position, purpose and prospects, and consider what you want to do next. Travel, talks and negotiations about what you wish

to pursue personally or professionally are encouraged. An open mind will help you connect with people who have something of value to offer in return. Personal gain will unfold through working alongside like-minded people.

★★★

LIBRA (Sept. 23-Oct. 22): Share information carefully. If you are too blunt, you'll send the wrong message. There is kindness in honesty that you cannot duplicate by sparing someone's feelings. Say what's necessary with an open heart and a generous temperament. Social events look inviting, but don't allow temptation to lead to excess. Romance is favored. ★★

SCORPIO (Oct. 23-Nov. 21): Set a budget and consider your options. Visiting a place or someone who makes you think will be worth your time, money and effort. Surrounding yourself with pastimes and those who bring out the best in you will point you in a positive direction and encourage you to distance yourself from those who drag you down. ★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Choose the most obscure path, and you'll discover something or someone you find entertaining. Make domestic choices that encourage you to live life your way. Don't be too quick to spend money, and don't try to buy favors. Engage in activities with people you feel comfortable with and who pay their own way. Self-improvement projects are favored. ★★★

CAPRICORN (Dec. 22-Jan. 19): Get together with someone who makes you think and encourages you to be yourself. What you gain by surrounding yourself with those who have as much or more to offer will make you feel invincible. If you are the most intelligent person in the room, you are in the wrong room. Pursue something new and exciting. ★★★

AQUARIUS (Jan. 20-Feb. 18): Clear a path and lead the way. Change will motivate you to engage in what brings you the most joy. Stop letting others choose for you when you have the power to decide for yourself. Let your imagination run wild, and explore what will promote what's important to you and makes the most sense. ★★★

PISCES (Feb. 19-March 20): Stop vacillating and start putting your thoughts and ideas to work for you. Get out and participate, start conversations, learn all you can and turn what you discover into something you can use to your advantage. Peace of mind comes from completion, and happiness from feeling good about what you do. Social events are favored. ★★★★
