**Friday June 5th, 2026**

**CELEBRITIES BORN ON THIS DAY:** Mike

Fisher, 46; Mark Wahlberg, 55; Ron Livingston, 59; Jeff Garlin, 64.

**Happy Birthday:** Take the high road and don't look back. Engage in activities and events that offer knowledge and insight into how you can use your attributes to further your goals. Let your creativity and discipline join forces, and you'll be difficult to outmaneuver. Sign up and participate in events and activities that let you use your intellect, not your money, to make a difference. Your numbers are 8, 14, 21, 24, 33, 36, 40.

**ARIES** (March 21-April 19): You'll need to engage in a little give-and-take to avoid domestic disputes or confusion from someone you depend on for answers. Ask for second opinions, and find out what your options are before you initiate a change that can influence your lifestyle or put a dent in your love life. Compromising and researching are mandatory. ★★★★★

**TAURUS** (April 20-May 20): Haste makes waste. Refuse to make a snap decision that can affect your reputation or position. Your time is put to better use helping others, asking questions and upping your game through personal preferences, additional qualifications and a solid plan. Home and domestic improvements will be uplifting and promote good family ties. Romance is favored. ★★

**GEMINI** (May 21-June 20): Tidy up before heading in a new direction. You'll do much better if you focus on what you want to achieve instead of lingering on unfinished business. Keep your thoughts and feelings to yourself until you can gather more information regarding legal, financial or medical issues. A change of plans will lead to an unexpected opportunity. ★★★★★

**CANCER** (June 21-July 22): Put your energy to good use. Reach out, pitch in and help. Do your part to make a difference. Someone you encounter will have an emotional impact on how you take care of yourself. Your good intentions will lead to an opportunity to meet someone special or to earn extra cash. Love and romance are favored. ★★

**LEO** (July 23-Aug. 22): Participate, do your best, help a cause or make a difference to someone struggling. Listen, but don't believe everything you hear. If you don't like the suggestions you receive, look for alternatives. Put in the work, and rewards will follow. A loving gesture will change how you feel about someone. A commitment will lead to a positive lifestyle change. ★★

**VIRGO** (Aug. 23-Sept. 22): You have more choices than you realize. Reach out, get the lowdown on what's available and align yourself with people who are heading in a similar direction. Sharing with others will motivate

you to let go of the past and to discover your passion. Don't shy away from opportunities, friendship or romance. ★★

**LIBRA** (Sept. 23-Oct. 22): Be a good listener. Show compassion and understanding, and engage in discussions that allow you to share your skills, objectives and what you find uplifting. A partnership or joint venture will come with problems. Clear up any misconceptions before agreeing to participate. Time is on your side, and other opportunities are heading your way. Avoid temptation. ★★★★★

**SCORPIO** (Oct. 23-Nov. 21): Envision what you want to pursue. Thoughts followed by actions will not disappoint. Steer clear of anyone trying to push you in a direction that benefits them more than you. Choose your words carefully, and don't pass along information you have yet to confirm. Pay attention to how you present yourself to others. Romance is in the stars. ★★

**SAGITTARIUS** (Nov. 22-Dec. 21): A diversion that sparks your imagination and encourages you to make a lifestyle adjustment will prompt a different perspective regarding the possibilities and motivate you to embark on something creative or energizing without taxing your emotions, health or finances. Don't let anyone stifle your plans or bully you into following their dream instead of your own. ★★★★★

**CAPRICORN** (Dec. 22-Jan. 19): It will be tempting not to withhold information when under pressure. Think twice, and consider avoiding situations and people who bring out the worst in you. Putting energy toward home improvement and personal growth is in your best interest. When approached by people who ask for too much or try to back you into a corner, walk away. ★★

**AQUARIUS** (Jan. 20-Feb. 18): Fire up your enthusiasm and finish off those home improvements that will make your life easier and more fulfilling. Creative thinking, coupled with discipline and desire for convenience and comfort, will help you make better lifestyle decisions. A networking function will be misleading regarding possibilities and financial prospects. Don't get angry; step up and take the high road. ★★

**PISCES** (Feb. 19-March 20): Pick a venue that interests you. Get out, socialize or pursue someone or something you enjoy. You don't have to impress anyone. Be yourself, be honest about your likes and dislikes and let how others respond guide you. Romance is in the stars, but so is temptation. Choose to gravitate toward those offering stability, not chaos. ★★
