Happy Birthday: Pay attention to spending, overhead and investments. Focus on where you benefit most and head in that direction. Create opportunities, and the rewards will offer greater satisfaction. Draw the line when dealing with people who tend to be a bad influence. Saying no to excess and indulgent behavior will enhance your reputation and encourage you to foster stronger relationships. Be a leader, not a follower. Your numbers are 4, 11, 16, 27, 31, 39, 45.

ARIES (March 21-April 19): Let your actions send a message to onlookers and friends alike. How others respond will be a telltale sign of what's possible and how to go about putting your plans into motion. Cap your spending to ensure you can sustain your course of action to completion. Discipline and hard work will lead to financial gain and prestige. ★★★

TAURUS (April 20-May 20): A positive turn of events will position you for success. Don't hesitate to reach out to those who can help you. Send out your resume. Ask, and you shall receive. Opportunities await those willing to put in the time and effort. Leave nothing undone; draw up agreements, fill in the blanks and shoot for the stars. ★★★

GEMINI (May 21-June 20): Set your sights on learning something or exploring new places, people or pastimes. Travel or attending a reunion will influence your perspective regarding where or how you live. Don't let anyone hold you back or cramp your style. ★★★

CANCER (June 21-July 22): Don't second-guess yourself or defer to someone else due to a lack of confidence on your part. A passionate presentation or conversation can have a profound impact that influences how someone feels about you. Participate in pastimes or events that motivate you, and the outcome will be newfound friends and opportunities. Romance and personal growth are favored. ★★★★★

LEO (July 23-Aug. 22): Emotions will fluctuate depending on how and with whom you spend your time. Domestic issues will arise that divert attention to home improvements, relocation or maximizing the use of your space for profit. It will be necessary to set a strict budget and enhance your qualifications, interests or skills to raise your earning potential. ★★

VIRGO (Aug. 23-Sept. 22): Communication is the key to receiving the help you need to meet your

deadlines. Be wary of those who offer too much and fall short. Anger will not help you get things done, but organization and motivating those you work alongside will. Put time aside to rejuvenate. A commitment will offer greater security and stability. ★★★★★

LIBRA (Sept. 23-Oct. 22): Put your energy into getting things done on time and to the best of your ability. Steer clear of anyone trying to tempt you into doing or spending on something unnecessary or beyond your means. Choose to do what's best for you, rather than trying to fit in or please someone else. Stick close to home. ★★★

SCORPIO (Oct. 23-Nov. 21): Participate in events, and you will gain experience. Visiting a place that stimulates your mind and encourages you to learn something new will be a bonus. Opportunity is within reach; look around you and be the one to make the first move. Volunteering to help a cause or someone you care about can lead to emotional rewards and stronger bonds. ★★

SAGITTARIUS (Nov. 22-Dec. 21): Organize your schedule and get your house in order. Tidy up, prepare to host an event, or make a lifestyle change, commitment or move. Keep your money and possessions in a secure location, and protect yourself against scammers. A workspace designated to something you enjoy doing will be uplifting and encourage personal growth. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Establish your expectations and be open with friends, associates and family who may be affected by the changes you implement. AQUARIUS (Jan. 20-Feb. 18): Tend to your health, wealth and personal life. A change to your living arrangements will offer comfort, convenience and ease. Sharing expenses or lowering your overhead will have an impact on how you move forward. Adopting a minimalist attitude will help you declutter your life and space. Let go of the past. ★★

PISCES (Feb. 19-March 20): You have options. Stop worrying about what others do, and set your sights on what you want. Let others know how you feel and what your intentions are, and find out where you stand. Take the path that leads to your happiness. A commitment will come easily if it's written in the stars. Romance is in the stars. ★★★★★
