

HOROSCOPE by EUGENIA LAST

Monday September 7th, 2026

CELEBRITIES BORN ON THIS DAY: Evan Rachel Wood, 39; Shannon Elizabeth, 53; Toby Jones, 60; Michael Emerson, 72.

Happy Birthday: Choose your words with compassion, and listen carefully. Communication will determine how well you do this year. Putting more time and energy into bringing the best out in others will be what makes you shine. Refuse to let your emotions interfere with doing what's right. Don't hang on to the past or let negativity stand in your way. Your numbers are 2, 14, 22, 28, 30, 36, 42.

ARIES (March 21-April 19): Turn your dreams into a reality. Use your imagination and discipline, and participate in events that connect you to people who can be helpful. Refuse to let disappointment or anger set in when your achievements depend on taking affirmative action. Someone you connect with will help improve your lifestyle by encouraging you to use your skills more efficiently. ★★★★★

TAURUS (April 20-May 20): Choose the power of thought over action. Taking on too much will cost you. Misdirected emotional energy will leave you in an awkward position. Don't back yourself into a corner when having common sense and being persistent are the best alternatives. Being passionate will help you achieve your goal. Set boundaries with those trying to take advantage of you. ★★

GEMINI (May 21-June 20): Change begins with you. Improve your qualifications. By learning something new or developing a skill you enjoy using, you will gain the confidence to branch out and do your own thing. Opportunity is within reach if you stop talking and start doing. Being creative and disciplined will pay off. Sidestep anyone trying to disrupt your life. ★★★★★

CANCER (June 21-July 22): Keep busy in order to avoid disputes. Having a negative attitude will stifle your ability to get things done. Walk away from people trying to control you. Use your voice constructively to satisfy your needs. You can't please everyone, so make decisions that help you be self-reliant. Your strength comes from listening to your inner voice. ★★

LEO (July 23-Aug. 22): Proceed with caution. The wrong move will lead to illness, injury or an emotional dispute. Concentrate on becoming the best version of yourself instead of trying to change others. Follow the path that promotes self-awareness and personal growth. Put yourself in situations where you can learn from those with more experience. Prepare before you pursue. ★★

VIRGO (Aug. 23-Sept. 22): A change will require more thought. Address the issues that can stand between you and what you want. Facts and the cost necessary to enjoy your pursuit need to be in place before you begin your journey. Honesty, persistence and hard work will help you reach your

goal. Pay attention to the struggles those close to you are experiencing. ★★★★★

LIBRA (Sept. 23-Oct. 22): Emotions and professional choices will clash. Step back from whatever situation you face and give yourself a chance to breathe and observe. Clarity is your best route forward, and discipline, planning and connecting with the right people are essential if you want to gain acceptance and respect. Spending while feeling emotional will lead to regret and financial setbacks. ★★

SCORPIO (Oct. 23-Nov. 21): If you turn everything you encounter into a learning experience, you'll gain momentum and insight into how and what to do next. Emotional journeys may not be welcome, but they will help you put your relationships with others in perspective. Use discipline to outmaneuver situations that combine temptation and ego. Read between the lines to avoid hype and pressure tactics.

★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Listen, but don't jump on demand. Dig deep and get the lowdown. See what is necessary to participate in someone else's plans. Don't feel compelled to help when you have your own dreams to conquer. Spend more time sorting through your personal needs and clearing the clutter that stands between you and what you want to achieve. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Being organized will help you. Refuse to let what others say or do interfere with your plans. Take care of your concerns before you extend help to others. Researching will save you from mistakes, overpaying and regret. Avoid an event that puts you at risk physically or emotionally. Keep your emotions in check when dealing with professional issues. ★★

AQUARIUS (Jan. 20-Feb. 18): How you earn your living or improve your qualifications to gain financial stability looks promising. Opportunity is apparent, and if you combine your skills with experience and an innovative spirit, you will find the success you are searching for. Make decisions for the right reasons; if you allow emotions to interfere with common sense, you will falter. ★★

PISCES (Feb. 19-March 20): Plan to get moving. Whether it's a social event, an outlet or just trying to get back in shape, having the right mindset and discipline will be necessary if you hope to achieve your goal. If you can't decide what's best for you, ask an expert. A lifestyle change or dedicated exercise routine will boost your morale. ★★
