Happy Birthday: Engage in what brings you peace of mind and helps build the confidence necessary to pursue your dreams. Gather information, attend seminars and do your best to set yourself up for success. A change to who you allow in your circle will help protect you from being taken advantage of. Your generosity is a wonderful trait, but also a burden. Your numbers are 4, 18, 22, 24, 36, 43, 47.

ARIES (March 21-April 19): More action and less talk will make the best statement and receive the most accolades. Pay attention to detail, and broaden your interests and your audience. You will attract praise from those who appreciate your talents and input and receive negative responses from those trying to outdo you. Refuse to let your adversaries influence your projections and fearlessness. ★★★★★

TAURUS (April 20-May 20): Keep your eye on your target, not on what others say or do. Trying to appease everyone will be your downfall. Put lack of restraint aside and focus on efficiency, budget and taking care of every detail and accomplishment personally. Know your audience and play to their needs, and personal growth will follow. ★★

GEMINI (May 21-June 20): Avoid arguments and situations that are counterproductive. You have so much to gain if you focus on what's important to you and distance yourself from those trying to bother you. Opportunities are available; recognize and take advantage of any chance to illustrate your skills and position yourself for advancement. Step into the spotlight and pursue your dreams. ★★★★★

CANCER (June 21-July 22): Stick to your principles and the lifestyle that puts your mind at ease. Refuse to be a follower or to think someone knows what you need better than you know yourself. Trust your instincts, and focus on home and what has meaning for you. Avoid joint ventures or shared expenses. Speak up, be direct and make your intentions clear. ★★★★★

LEO (July 23-Aug. 22): Participate and learn. The experiences you encounter will help you decide what you want to pursue next. An interesting partnership will develop if you participate in a movement that has an impact on something that's meaningful to you. Expect to face opposition, and prepare to share your thoughts. A well-executed rendition of your intentions will pay off. ★★★★★

VIRGO (Aug. 23-Sept. 22): Chill. If you focus on the

people, conversations and the chaos going on around you, you'll be disappointed in what you accomplish. Put more time and effort into doing something that makes you feel good about yourself and the decisions you make. A positive and healthy attitude will make it difficult for others to take advantage of you. ★★★★★

LIBRA (Sept. 23-Oct. 22): Less talk and more action will get you where you want to go. Letting others observe who you are and what you can accomplish will lead to positive options and lifestyle changes that allow you to do more of what you enjoy while making a profit. Reconstruct your workspace for functionality, and take better care of yourself. ★★★★★

SCORPIO (Oct. 23-Nov. 21): Slow down and observe what others are doing. Distance yourself from people and situations that stifle your ability to advance. Let your thoughts and actions guide you in a direction that benefits you. Focus on personal and domestic maintenance, and take care of financial or legal matters that can cost you your reputation or incur penalties. ★★

SAGITTARIUS (Nov. 22-Dec. 21): Don't get angry; moving is what will get you back on track. Take pride in how you look and present yourself to others. Pay attention to details, costs and what will boost your confidence. Indulge in home improvements and items that encourage you to strengthen your body and soothe your soul. Concentrate on money, health and commitment. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Do what's best for you. Stop letting others pressure you into doing things that infringe on your time and goals. It's OK to say no and to take the journey that is conducive to people and pastimes that bring you joy. Finding romance and making physical self-improvements will lead to less stress. Share your intentions. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): You have no time for negativity. Move forward with a positive frame of mind and the intent to look, feel and do your best. Take advantage of opportunities, and build the life that gives you hope for a brighter future. Follow your dreams, and turn your desires into something tangible. It's time to flourish, not dwell on the past. ★★★★★

PISCES (Feb. 19-March 20): The time you spend with someone you find uplifting will provide motivation to do what pleases you. Refuse to get caught up in someone else's drama or to try to fix everyone else's problems. Distance yourself from negativity and being subject to situations, people and things you don't deserve.
