Saturday August 2nd, 2025

CELEBRITIES BORN ON THIS DAY: Hallie Eisenberg, 33; Sam Worthington, 49; Kevin Smith, 55; Mary-Louise Parker, 61.

Happy Birthday: You'll accomplish the most this year if you work quietly behind the scenes, where you have the least interference. Allowing your emotions to stand between you and achieving your objective isn't an option. Direct and motivate yourself to finish what you start and to ignore negativity, unreliable sources and those trying to sabotage your efforts. Learn from your mistakes, and you'll outmaneuver anyone who gets in your way. Your numbers are 7, 19, 21, 28, 35, 42, 47.

ARIES (March 21-April 19): Concentrate on health, finances and paperwork. Taking care of business will ease stress and encourage you to do something that brings you joy. Reaching out and helping someone or addressing a cause that concerns you will get you in touch with fascinating insight and information that can improve how you do things. ★★★

TAURUS (April 20-May 20): Consider your professional options and scan the market to figure out how to utilize your skills to suit your financial and personal needs. A change may not be something you relish, but it may be in your best interest. Soothe your emotions by heading in a direction that puts your mind at ease. ★★★

GEMINI (May 21-June 20): Get into the mainstream where the action is, and see for yourself. Knowing right from wrong, truth from fiction and what's best for you will help you make better choices and make a difference in your community. Don't waste time or money on scammers or those trying to make gains at your expense. ★★★

CANCER (June 21-July 22): Ask questions, and refrain from agreeing to something you cannot deliver. Focus your energy on home improvements and addressing issues that make life difficult. Address matters openly and listen to suggestions, but ultimately, do what satisfies your needs. Put health first; if you look and feel your best, you'll exceed your expectations. Romance is favored. ★★★★★

LEO (July 23-Aug. 22): It's up to you to create opportunities that help achieve your vision. Waiting for someone to do things for you will be your downfall, as it gives others the chance to upstage you. Your intelligence, connections and skills will get you closer to your goal, and it will soothe your soul. ★★

VIRGO (Aug. 23-Sept. 22): Set high standards and live according to what you need and want when dealing with

relationships, lifestyle and long-term goals. Refuse to let someone's playful attitude infringe on what's important to you. Don't accommodate others; only change what works for you, and you'll maintain respect and freedom of choice. Romance requires sharing aspirations. ★★★★★

LIBRA (Sept. 23-Oct. 22): Think before you act. Too much of anything will drag you down. Avoid the temptation to indulge in excessive behavior. Don't put your reputation on the line or participate in something that has the potential to turn sour or cost you. Pay more attention to your surroundings, and be grateful for what you have. ★★★

SCORPIO (Oct. 23-Nov. 21): Participate in something that concerns you. Standing up for your rights and helping a cause that matters to you will connect you to people who can help you bring about positive change. Force isn't the answer; but showing up to support your beliefs can make a difference. A choice will lead to confusion. ★★★

SAGITTARIUS (Nov. 22-Dec. 21): Put more time and effort into your surroundings. Maintaining a cost-efficient and functional home will give you the incentive to share your space with friends and family. Consider hosting or entertaining an event that can help you generate extra cash or build connections. A personal promise or commitment is apparent. Share your plans. ★★★

CAPRICORN (Dec. 22-Jan. 19): Verbalize your feelings and agenda. Take the initiative to share your dreams and plans with someone who matters to you. The input you receive will help you determine how to balance the needs of those you love with your own needs, while still remaining true to yourself. Love and romance are in the stars. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): You'll find yourself going back and forth. Follow the path that feels best for you. Refuse to let anyone railroad you into something you don't want to do. It's time to take responsibility for your happiness. Turn something you enjoy doing into a lucrative pastime. Express your thoughts, and you'll get support from loved ones. ★★

PISCES (Feb. 19-March 20): Stop guessing; when in doubt, ask. Don't be shy or reluctant to infringe on others for answers. Knowing how others think or feel will make your choices easier. Don't deny yourself the happiness you deserve. Speak up, share your feelings and make romantic plans. A new look will boost your confidence. ★★★★★
