**Wednesday February 18th, 2026**

**CELEBRITIES BORN ON THIS DAY:** Shane Lyons, 38; Molly Ringwald, 58; John Travolta, 72; Yoko Ono, 93.

**Happy Birthday:** You may have to bend this year to get to where you want to go. Don't pigeonhole yourself into a corner due to fear of failure or concern about what others may think. Trust your instincts, follow your heart and do what soothes your mind, body and soul. Change begins with you; stop following when the way to your desired destination is to take charge. Desire requires direction and discipline. Your numbers are 9, 17, 20, 29, 33, 38, 46.

**ARIES** (March 21-April 19): Push for change that saves time and money. Stick to a budget you can afford and a lifestyle that offers more meaningful pastimes and less shopping, excess and indulgence. The choice is yours, and the outcome will reflect what you do. Discipline and ingenuity can turn a mediocre life into something spectacular. Be present and kind. ★★

**TAURUS** (April 20-May 20): Look for the good in everything and everyone. How you make others feel will determine the reaction you encounter. Opportunity comes from positive interaction and a willingness to compromise. Walk away from impossible situations and toward what's most beneficial, and you'll make substantial gains. Concentrate more on being and doing your best.

Romance is favored. ★★

**GEMINI** (May 21-June 20): Your discipline and hard work won't help if you surround yourself with takers, users and abusers. Look around you and identify the people, places and pastimes that offer something in return, and head in that direction. The backup and support you get will determine the outcome. Let go of ego and those using emotional blackmail. ★★

**CANCER** (June 21-July 22): Pay attention to your responsibilities, and go above and beyond the call of duty. Competition will be fierce, and presentation will make a difference. Leave nothing to chance when it comes to your reputation and your opportunities to advance. Someone you encounter will offer more than you expect. Your charm and intelligence will help seal a deal. ★★

**LEO** (July 23-Aug. 22): Set high standards and do your best. Call on your resources, expand your knowledge and experience, and push forward with discipline and determination. The impression you make will set the stage for what's to come. Act like a pro, and others will treat you like one. It's what you do that counts. Deliver what you promise in record time. ★★

**VIRGO** (Aug. 23-Sept. 22): You'll get a glimpse of what's possible if you are observant and open to suggestions. Be a vessel for information, and you'll detect the right balance to carry you in your direction of choice. A

networking event will provide some interesting options that you can twist to fit your objective. Romance and partnerships are on the rise. ★★

**LIBRA** (Sept. 23-Oct. 22): Unusual people, professions and pastimes will attract your attention and raise your awareness. Once you see how something begins to unfold, you'll gain insight into how to manipulate what you discover to fit your needs. Laziness will be your downfall. Don't fall short when going the distance, as it will make a difference between success and failure. ★★

**SCORPIO** (Oct. 23-Nov. 21): Learn from experience, sign up for courses, ask questions, test information and find those who can help you reach your goal. Opportunity is within reach; all you must do is use your skills, knowledge and experience to network your way up the ladder. Self- and home improvement, along with social interaction, will help structure what's next. ★★

**SAGITTARIUS** (Nov. 22-Dec. 21): Be the one to make choices. Refuse to let anyone dictate what's next. Listen to your inner voice, and push yourself in a direction that feels comfortable and allows you to use your skills more to your liking. Walk away from emotional mind games and people who cause you grief. Take the path that is most inviting. ★★

**CAPRICORN** (Dec. 22-Jan. 19): A change of pace and space will do wonders for your emotional well-being. Give some thought as to how you budget and allocate your money to fit the lifestyle you want to pursue. Refuse to let anyone limit or discourage you from striving for what excites you most. Make a wish list and pursue your dreams. ★★

**AQUARIUS** (Jan. 20-Feb. 18): High energy leads to satisfaction. Finishing what you start will be the reward that makes you feel good about who you are and what you achieve. Distance yourself from those who waste your time or don't support what's meaningful to you. It's time to expand your free will to the areas of life that matter to you. ★★

**PISCES** (Feb. 19-March 20): Compassion and gratitude will pave the way to victory. Open your heart to those who matter most to you. Honesty will resolve issues that keep you awake at night. It's time to ease stress, address problems and head in a direction that encourages you to live life your way. Take responsibility for your happiness. ★★
