Happy Birthday: Do what you say. If you are ostentatious, you'll be criticized. Trust your instincts, use your intelligence and make changes that enhance your life. Recognize truth, and do your due diligence to ensure you aren't spreading rumors. This year, integrity will matter most if you want to be accepted by and associate with people who feed you positive energy and help. Strive for equality, give and take, detail and perfection. Your numbers are 3, 11, 20, 28, 35, 43, 46.

ARIES (March 21-April 19): Choose creativity. Working toward something that you feel passionate about will help alleviate some of the frustration you feel regarding how others conduct themselves. Distance yourself from the past and what's no longer working for you, and embrace what puts a smile on your face and a skip in your step. Choose peace and love over discord. ★★★★★

TAURUS (April 20-May 20): Fix up your digs, rethink your lifestyle and lower your overhead. There is plenty you can do to ease stress and build security. Doing something that matters to you will bring about worthwhile connections. An intelligent plan will be easily adapted into your routine and by those closest to you. Honor others, and they will honor you. ★★★★★

GEMINI (May 21-June 20): Reach out, gather information and gain insight into proper protocol before you come across with confidence. A positive attitude will make a difference and invite the help you require to turn the negatives in your life into positives. Dreams are nice, but they aren't reality. ★★★★★

CANCER (June 21-July 22): You can help others, but don't let anyone take advantage of you. Having good intentions and wanting everyone to love you will make you vulnerable. Size up whatever situations you encounter, and use your intelligence, experience and connections, not your cash, to point those in need in the best possible direction, then focus on personal growth. ★★★★★

LEO (July 23-Aug. 22): Gravitate toward something you believe in or someone pursuing a similar dream. You can cut corners if you ride the tide and take advantage of what others before you have discovered. A friendly gesture, a kind word and an original suggestion will put you in an opportune position. Let your charm and enthusiasm set the tone, and you'll excel. ★★★★★

VIRGO (Aug. 23-Sept. 22): Pause, observe and keep your thoughts to yourself. Expect a last-minute change to disrupt your plans. Listen, do your research and look

at your expenses before you make a commitment. Joint ventures and shared costs will leave you at a loss. Back away from aggravating situations or anyone using manipulative behavior. Say no to excess and temptation. ★★★★★

LIBRA (Sept. 23-Oct. 22): Follow your heart, and ask questions if uncertainty prevails. Be honest, and your approach will come across as refreshing. Socialize, research or sign up to master skills that enhance your resume. Spice up your life with a new look, pastime and collection of friends. Expressing your intentions and feelings will pay off. Romance is in the stars. ★★★★★

SCORPIO (Oct. 23-Nov. 21): Broaden your horizons, and connect with those who share your interests through networking events. Partnering with someone who can offer what you lack and vice versa will help you fast-track your way forward. Don't take risks with your health, money or emotions. Read the fine print, and stipulate your options with unfiltered truth. Walk away from temptation. ★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Mix and mingle. Socializing and participating in activities that challenge and elevate your awareness, strength and courage will help you stand out among your peers. Keep the peace at home. Be honest, forgiving and willing to compromise, and you will avoid the pitfalls that arise when you avoid taking care of personal business. Romance is favored. ★★★★★

CAPRICORN (Dec. 22-Jan. 19): Refuse to let anyone stand in your way. Listen, digest and respond with accuracy and a resolution regarding what you can and will do. Set the tone, and you'll rule the outcome. The information you gather while socializing will change your perspective regarding an organization. Trust your instincts. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): Embrace what life has to offer. Don't wait for change to come to you; enforce what you want on the world around you. Size up your to-do list, and move forward with optimism and the desire to do what's best and right for you and those you love. Anger and negativity are the enemies. ★★★★★

PISCES (Feb. 19-March 20): Get the lowdown before signing up for something costly or time-consuming. Choose to surround yourself with those who have something of interest to offer. A search for knowledge, answers and alternatives will give you something tangible to work with. Don't let the changes others make sway you to follow suit. ★★★★★
