

# HOROSCOPE by EUGENIA LAST

**Monday February 2nd, 2026**

**CELEBRITIES BORN ON THIS DAY:** Shakira, 49; Christie Brinkley, 72; Brent Spiner, 77; Graham Nash, 84.

**Happy Birthday:** You're best to give yourself as many options as possible. When one door closes, another will open if you are receptive to trying something new. Security will come from your resourcefulness and ability to adapt to the changes unfolding around you. A domestic situation will require your undivided attention, and the choices you make will influence your lifestyle. Choose the path that leads to peace of mind and overall well-being. Your numbers are 3, 11, 17, 22, 35, 38, 44.

**ARIES** (March 21-April 19): Set yourself up to win. No matter what comes your way, summon your charm, turn up your energy levels and manufacture enough kindness and courage to make a difference. Offering your time and skills can be more valuable than donating. Attending events or participating in activities that promote better

health are favored. Romance is in the stars. ★★★★

**TAURUS** (April 20-May 20): Consider what makes you feel content and what it might take to incorporate it into your daily routine. It's time to please yourself and to take responsibility for your happiness. If lowering debt is the root of your problems, start living a minimalist lifestyle. Sell off what you don't need, reduce your overhead and watch your tension dissipate. ★★

**GEMINI** (May 21-June 20): Let your emotions and passion lead the way. No matter what you take on, do it with gusto. Use your imagination and devise a unique plan to bring about positive change for yourself, someone you care about or the community you live in. Be the one to make a difference, and you'll gain leverage that surpasses expectations. ★★★★

**CANCER** (June 21-July 22): Communication is necessary if you want to maintain healthy connections with those you regularly deal with. Share your feelings and raise sensitive issues with those with whom you need to clarify what you will and won't do. Setting boundaries will put your mind at ease and allow you the freedom to start new adventures without feeling anxiety or guilt.

★★★

**LEO** (July 23-Aug. 22): Send a message; make your position and motives clear. Honesty and integrity will buy you a seat at the table and give you a platform to share your intentions. A moneymaking idea, investment or professional change looks promising. Discuss your feelings with someone you love. A partnership will lead to greater opportunities. Romance is favored. ★★★

**VIRGO** (Aug. 23-Sept. 22): Take a break, do something different and explore possibilities, and you'll discover a lifestyle that excites you. It's time to work toward

something that motivates and stimulates your mind, body and soul. Step outside your comfort zone and embark on a journey that makes you feel alive. Stop procrastinating, pay attention to detail and ignite your discipline. ★★★

**LIBRA** (Sept. 23-Oct. 22): Think big but budget wisely. How you manage your life will determine your state of mind. You have plenty to gain if you use your charm, not your cash, to get things done and to make an impression on those who can offer you something in return. Observe how others manage their money, expenses and relationships. ★★★★

**SCORPIO** (Oct. 23-Nov. 21): Pay attention to how you look and feel. Don't take risks with your health or your physical well-being. Emotions will surface, making it difficult for you to make sound decisions regarding work and domestic issues. When in doubt, sit tight, observe and wait to see what unfolds. You'd best not act in haste; wait until you have sufficient information to make your move. ★★

**SAGITTARIUS** (Nov. 22-Dec. 21): Put your money where your mouth is and follow through. Sign up for self-help podcasts, and you'll discover you have traits that can turn into a commodity. There is money that can be yours if you invest more in yourself and how you participate in life. Start by lowering your cost of living. Personal gain is within reach. ★★★★★

**CAPRICORN** (Dec. 22-Jan. 19): Search, and you will find. Be on the lookout for something that will turn a skill you have or items you possess into a cash flow. Whether you sell your knowledge or things you no longer need, it's time to lower your overhead. Using your money in meaningful ways will lead to satisfaction and peace of mind. ★★★

**AQUARIUS** (Jan. 20-Feb. 18): An energetic approach to fulfilling your promises and implementing positive lifestyle and domestic changes will help ward off negativity and setbacks. Trust your instincts, and be straightforward with your instructions and any questions you might have. Leave nothing to chance or up to someone else to complete. Add your personal touch, and take credit for your pursuits. ★★★

**PISCES** (Feb. 19-March 20): Do your thing; don't give anyone a chance to interfere. Working behind the scenes and waiting until everything is in place are favored. The element of surprise will benefit you when you are ready to forge ahead. A disciplined approach will get you where you want to go and encourage positive change and feedback. ★★★
