Participate in events and activities that encourage you to learn something new and to practice taking better care of yourself through fitness and diet. Concentrate on walking away from negative situations that waste your time or hold you back. Channel your energy into exploring what's possible, learning something new and adapting to a lifestyle that meets your needs. Your numbers are 6, 13, 20, 28, 37, 41, 44.

ARIES (March 21-April 19): Stay focused on what you must do to maintain your lifestyle. Keep your paperwork in order and your eye on how world affairs may affect you personally. The more information you have, the easier it will be to make wise choices and sidestep trouble. Choose brain over brawn when dealing with uncertainty, regulations and investments. ★★★

TAURUS (April 20-May 20): Do your part and make a difference. How you reach out will determine how much help you receive in return. Kindness, consideration and being factual and blunt regarding situations and what you want will help you establish your next move. Your ticket to freedom is to avoid excessive behavior; instead, take responsibility and do what's right. ★★★★★

GEMINI (May 21-June 20): Proceed with caution. Letting your emotions take over will cost you if you fabricate matters to suit your needs. Stick to basics, and make trust and honesty prerequisites when discussing sensitive issues. You have far more to gain by letting what you do speak for you. Discipline and hard work will yield much higher returns and greater acceptance. ★★

CANCER (June 21-July 22): Temptation will get the better of you if you aren't careful. Consider the consequences before you exaggerate, indulge or overspend. Your success hinges on your intelligence, discipline and ability to finish what you start. Opportunity is within reach, but recognizing what's best for you will require emotional stability and willpower. The right choice will encourage financial and personal growth. ★★★★★

LEO (July 23-Aug. 22): Secrecy is a must when dealing with financial matters. Protect yourself, your rights and your health and economic well-being from anyone who isn't one of your fans. Consistency will help you gain favors, support and a voice in situations that can influence your lifestyle. Partnerships, commitment and contracts look promising. Do your homework, and follow through. ★★★

VIRGO (Aug. 23-Sept. 22): When opportunity knocks, open the door. He who hesitates will get left behind. Set

up meetings, ask tough questions and make your position clear. A change is within reach; all you must do is recognize the signals and respond. Fact-check, get what you want in writing, stick to your budget and make realistic plans. ★★★

LIBRA (Sept. 23-Oct. 22): Engage in events that interest you. The information you gather will help build a foundation for something that excites you. Taking an interest in and learning the ins and outs of something you are considering will turn an ordinary day into something extraordinary. Follow your instincts and make things happen. Seize the moment and enjoy the ride. ★★★

SCORPIO (Oct. 23-Nov. 21): Home improvements will make life easier if you stick to your budget. Engage in activities that nourish the soul and support a healthy body and lifestyle. Speak from the heart, and clear up any issues that may stand between you and someone you love and respect. Look at every possibility and eliminate what's irrelevant. ★★★★★

SAGITTARIUS (Nov. 22-Dec 21): Avoid sharing personal information or secrets that someone can use against you. Pay attention to what's happening at home, and protect the people and possessions that are meaningful to you. Listen to what others say, but don't believe everything you hear. A change regarding joint endeavors or shared expenses can save you from loss. Protect your assets. ★★

CAPRICORN (Dec. 22-Jan. 19): Shy away from conversations that are too personal. Sharing information that makes you feel uncomfortable will lead to trouble. Focus more on advancing professionally and growing your money. Don't hesitate to change your hangout locations or align yourself with people who are more like you. Look for opportunities, trust your instincts and don't be afraid to say no. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): Protect your reputation. Don't mix business with pleasure. Indulgent behavior and temptation are prevalent and can easily test your willpower if you lack discipline. Focus more on what you enjoy doing, how you can implement more of the skills you want into your everyday routine and how you earn your living. Small steps forward will encourage longevity. ★★★

PISCES (Feb. 19-March 20): Don't hesitate; if there is something you want, make your move. Consider your overhead and what you can afford before signing up for anything with hidden costs or that is unlikely to meet your basic needs. Don't promise more than you can deliver or let excessive behavior damage your reputation. Honesty and hard work will pay off. ★★★★★
