ARIES (March 21-April 19): An innovative idea will change how others view you. Don't be afraid to speak your mind and to offer suggestions. Discipline will be necessary regarding domestic affairs and your personal habits. Setting a strict routine may seem boring to you, but the outcome will pay off. Eating well and exercising will contribute to what you achieve. ★★

TAURUS (April 20-May 20): Be good to yourself. Relax, consider your options and begin your day with a plan and a smile. Put your energy where it counts, take care of loose ends and earn the right to enjoy your weekend without the weight of unfinished business. Listen carefully, get your facts straight and question anything that sounds too good to be true. ★★

GEMINI (May 21-June 20): Let's get this party started. Be the social butterfly who leads. Speak passionately about your intentions, and find out who is a candidate to come along for the ride. Broaden your options by clearing a space at home to embark on a project that excites you. You have plenty to gain if you are adamant about completing your mission. ★★★★★

CANCER (June 21-July 22): Ponder your next steps before deciding what to do first. The order in which you do things will have an impact on the results. LEO (July 23-Aug. 22): Look before you leap. Patience and planning are necessary to avoid insult or injury. A change of plans may be in your best interest, but don't expect others to join in if you force your objective on them. Go about your business, do your own thing and avoid interference. More work for you means less aggravation from others. ★★

VIRGO (Aug. 23-Sept. 22): Live and learn. How you succeed depends on what you know. Learning from experience and mistakes will teach you not to take anything or anyone for granted. Immerse yourself in situations that test you. Distance yourself from those

LIBRA (Sept. 23-Oct. 22): Be a dreamer and let your imagination run wild. What you discover about your relationships will help set the stage for how you engage and who you offer your time and help to in the future. ★★★

SCORPIO (Oct. 23-Nov. 21): Don't let anger surface when it's up to you to make your dreams come true and to choose what makes you happy. Pay attention to how you look, feel and treat others. Put your energy into learning, exploring and replacing what isn't working for you with something new and exciting. Take charge, and let go of the past. ★★★★★

SAGITTARIUS (Nov. 22-Dec. 21): Think before you push forward. An emotional twist will leave you questioning what's best for you. A change of heart, position or reputation is looking good. If you are open to suggestions, your options will increase. A home-based business will do better than anticipated if you apply discipline and make it happen. Invest more time and money in yourself. ★★

CAPRICORN (Dec. 22-Jan. 19): Reason your way through any questionable situation you face today. Weigh the pros and cons, and think twice before making an investment or purchase that may put you in debt. Don't take on someone else's battle. Offer suggestions, not hands-on help. You must take care of your needs first. Don't fear competition. ★★★★★

AQUARIUS (Jan. 20-Feb. 18): Use intelligence when dealing with contracts, investments or legal matters. Put your emotions and anger aside so you can do what's best for everyone. Knowing what you can live with and being organized will make life easier. Declutter your mind, surroundings and lifestyle. Embrace tidiness, and discard what no longer matters. It's time to pick yourself up, not let yourself go. ★★

PISCES (Feb. 19-March 20): Being pampered will point you in the right direction if you don't overspend. It's on you to take responsibility for your happiness. Address physical and financial situations that are weighing you down. Address health or nutrition concerns by implementing a healthier lifestyle. Take care of payments before interest accumulates, and cancel subscriptions that don't benefit you. ★★
