Educational Equity

The Redmond School District is committed to fostering a welcoming, safe, inclusive, and barrier-free environment for everyone. The district is committed to the success of every student in each of our educational programs. Each student is ensured access to a high-quality education with the necessary supports that reflect their individual needs, strengths and interests in order to succeed. For that success to occur the district is committed to achieving “Educational Equity,” defined as follows: students’ identities will not predict or predetermine their success in any educational program.
