

INTRODUCING KLĒARVŪE KITCHEN CABINETRY®

A better way to modernize your kitchen at a price you can afford!

Menards® has launched a Cabinetry line that has the industry talking! You want in on the secret?

A New Kitchen Cabinet Concept!

That's the best way to summarize the magic that is Klēarvūe Cabinetry®. Klear-what? Klēarvūe (pronounced Clear View) is a cabinetry brand available exclusively through Menards® that offers the look and feel of custom cabinetry while being affordable. You may find yourself saying- I don't understand; there's a catch, tell me more...

So, What Makes Klēarvūe Better?

Klēarvūe Cabinetry® was created around frameless cabinet construction. Traditionally a Scandinavian way of manufacturing cabinets - it is growing in popularity throughout the Midwest. Frameless, or "full-access" cabinetry eliminates the bulky face frame one would typically see around a cabinet box. It allows you to have more versatility of the cabinet configurations which feature doors, drawers and pull out interiors. With traditional framed cabinetry, you have to remove doors and drawers from

■ **Simply Clean, Classic and Timeless.** This kitchen features: soft close doors and drawers, pull-out trash cabinet and more! In the time it would take for custom cabinetry to arrive on site, this family was already settled in and starting the next chapter of their home remodel. Your Time Is Precious.

Almost half of consumers will choose to go with a custom cabinetry of some sort. You will spend your time working with a designer, arguing with your spouse on which cabinet would suit your layout best, spend a considerable amount of money and then wait up to 4 weeks (sometimes longer) for your cabinet order to arrive. Then you have to have your cabinets installed.

Save your marriage or at least the added stress and choose Klēarvūe Cabinetry®. Cut out weeks of stress on a tore up remodel. Klēarvūe is a cabinetry line that you can take home in just 1 week or less!

Klēarvūe offers 38 different cabinet box sizes that are available in multiple heights and widths. When combined with door and drawer fronts, you can create over 250 different cabinet configurations. Think of Klēarvūe as *adult building blocks*,
