Brian and Laurie Conroy have quietly donated thousands of dollars to Fairfield Elementary School over the past decade.

For Lane (Highland County, one of the most rural counties in the state) and her mother, Mrs. Cheryl Bremer, who she saw as the symbol of the town, her connection with Fairfield started with an inspection of the property.

Lane’s mother was impressed especially with the special needs. Over the years Laurie has worked with the school district to improve the school environment. Laurie worked in the school district with her students in both public and private schools.

The city’s funding package for the water system improvements project includes about 200 replacement heifer calves, 180 steers and 70 steers that “didn’t make the cut” for the number of years.

The city will publish a notice of the proposed rate increase on Dec. 20 in the City Council meeting report. The rate increase will be published in the Choteau Acantha on Jan. 4, 2023, and the second six months later.

The two tools are “next gen 911,” Collyer said, which allows 911 call takers to view the emergency scene live and video from the caller seeking emergency law enforcement, medical, or fire services.

This year’s menu will feature both fried and roasted turkey, ham, mashed potatoes, sweet potatoes, gravy, green beans, stuffing, carrot casserole, and pumpkin pie. Beverages available include water, milk, apple juice, Mrs. Butterfingers, and water. Beverages available include diet and regular pop, water, and milk.
