

Mayfield City Schools

EVERY STUDENT. EVERY DAY.

June 2, 2021

Dear Mayfield teachers, staff, parents, and community,

As some of you may be aware, local police are investigating allegations of misconduct toward students by a Mayfield City School District employee.

The allegations surfaced this past weekend on Saturday, Matt 29, 2021. As soon as district officials were made aware of the alleged claims, local police were contacted to initiate an investigation.

Mayfield City Schools staff and administration are cooperating fully with police as the investigation continues.

No further details are available at this time. Communicating with you sooner than tonight was not prudent for reasons I will not explain.

There are many rumors being spread through social media. As we have seen with recent events, spreading rumors and assumptions can do harm. I respectfully ask that you exercise restraint.

I will continue to update you as we learn more about this investigation and its outcomes.

Sincerely,

Keith Kelly
Superintendent
