

# REQUEST FOR PROPOSALS FOR PROFESSIONAL ENGINEERING AND TRANSPORTATION PLANNING SERVICES

## County Transportation and Safety Plan

Park County is seeking qualifications-based proposals and separate sealed price proposals from qualified professional engineering and transportation planning firms to assist with the establishment of a comprehensive County wide transportation and safety plan. This effort is being initiated through a Safe Roads and Streets for All (SS4A) federal grant through the Federal Highway Administration (FHWA) with matching funds from the State of Wyoming. Interested firms shall contact County Engineer Brian Edwards via email at [Brian.Edwards@parkcounty-wy.gov](mailto:Brian.Edwards@parkcounty-wy.gov) to receive a RFP packet. The RFP packet outlines the goals and objectives of the project, format for submittals, project schedule, and the process for consultant selection.

Proposals are due to the County Clerk's office in Cody no later than 5:00 PM on Monday March 30th to be considered.

Please call (307) 527-8523 with any questions.
