Plans for Future Career: I plan to be an elementary teacher, and I hope to be able to come back and teach in Columbus.

Advice for Other High School Students: My advice to other high school students is to be the best version of yourself. You know your limits and your strengths, so don't be afraid to push yourself to your fullest potential. Go out and be the very best that you can.

Yilani Celeste Campuzano

Parents: Arilyn Campuzano & Rogaciano Campuzano
Graduating from: Columbus High School

High School Activities: In my freshman year I participated in volleyball, musical, and track. In all four years of high school I have been involved with the CHS Vocal Music Department. I am currently involved in Neptune's Angels, Concert Choir, and The New World Singers.

Community Activities: I am involved in NHS at our school, so we get to do different forms of community service. One group that I have worked with while in NHS would be Habitat for Humanity and the group helped decorate and pack cookies.

Other Interests/Activities or Hobbies: Outside of school, I work in the Customer Service area at Hy-Vee. In my free time I enjoy going out with my friends, reading new kinds of books, discovering new types of music, going shopping, and long boarding.

Plans for Future Education: I plan to continue my education at the University of Nebraska Omaha and hopefully I can continue into medical school at UNMC.

Plans for Future Career: It is my dream to become a Pediatric Rheumatologist to help children and teenagers alike and I would like to contribute new ideas to the medical field.

Advice for Other High School Students: Take advantage of the opportunities presented to you. I have some regrets regarding certain opportunities that I missed, so keep an eye out. Also enjoy these four years with the people around you because they fly by very fast.

Tips for a smooth GRADUATION CEREMONY

GREEN SHOOT MEDIA

Your graduation ceremony is an important event. Here are some tips to help the graduation ceremony go smoothly.

Get all the information

There's a lot going on during a graduation ceremony and a lot of information you need, such as dates, cap and gown costs, fittings, senior photos and more. It's important you get all the information as soon

as you can. Along with the dates and certain cost information, you also need to get information on parking and how many people can attend your graduation. Some graduations allow as many people to come as you'd like, and others give each graduate a ticket for a certain number of guests allowed, mostly to make sure people can park and there are enough seats for everyone. If you aren't purchasing your cap and gown, you'll need to find a rental cap and gown with plenty of time before your graduation. Many other students from different universities and high schools are graduating and looking for the same color cap and gown. Make sure you get yours in time so you aren't scrambling last minute to find one.

Organize your family

One of the most difficult parts of graduation is organizing your whole family to arrive at the same location on time. Usually a good rule of thumb is to have your family arrive anywhere between 45 minutes and an hour before the ceremony actually begins to find good parking and good seating at the ceremony. Make sure your family is aware of the seating limitations and the limited parking so they show up as early as possible.

Enjoy your day

It's been a long journey to reach your graduation day. Make sure you enjoy every last bit of it with friends and family, and don't forget to thank those who have helped you along the way. This is your day to enjoy.
