That's baby talk for,
“Do you have life insurance?”

As your family grows, so do your reasons for protecting them. Get the right life insurance and peace of mind.

Like a good neighbor,
State Farm is there.®

CONGRATULATIONS

 **Butler County
Health Care Center**

402-367-1200

**Passionate People,
Compassionate Care**

Butler County Health Care Center strives to provide the same level of care as a large obstetric facility but with the small facility friendliness and attention to detail. This is accomplished through years of experience, staff training and up-to-date technology. Butler County Health Care Center offers 4-D ultrasound, childbirth education and preparation classes, knowledgeable staff, anesthesia services, family orientated labor and delivery suite and special baby keepsakes. At Butler County Health Care Center expect to receive superior prenatal care, labor care and post care.

Each member of the Butler County Health Care Center medical staff, registered nurses (RN), licensed practical nurses (LPN) and certified registered nurse anesthetists (CRNA) are certified in Neonatal Advance Life Support. All registered nurses complete a fetal monitor training course at St. Elizabeth's Medical Center and an annual fetal monitor strip interpretation course. The facility is also a certified Safe Sleep Hospital Champion and Abusive Head/ Shaken Baby Prevention Education Champion.

The birth of a baby is truly an unforgettable experience. The staff at Butler County Health Care Center is honored each time they are able to share this experience with a family.

Congratulations to the 2020 Babies & Parents.

Thank You for choosing Butler County Health Care Center!
