

# Celebrating our HOMETOWN HEROES

Rebecca is a familiar face around Westborough, known for her willingness to lend a hand wherever it's needed. After seeing the impact COVID-19 had on local families, she became involved with the food pantry, where she now volunteers and serves on the board, helping support neighbors facing food insecurity. She is also active in her church community, teaching Sunday school, assisting with worship, and taking part in various activities. Rebecca has also been involved with the Westborough Women's Club, where she previously served as vice president. She enjoys being part of the community and values the connections she's made along the way.
