HOROSCOPES

ARIES – Mar 21/Apr 20
Aries, your energy levels are at 10, but all you need to get through the week is a 6. Conserve your energy for times when the demands on you are greater.

TAURUS – Apr 21/May 21
Taurus, comfort may be your strength this week, but don't let that transform you into a permanent couch potato. Figure out a way to get involved to stay busy.

GEMINI – May 22/Jun 21
You probably want to clear out the clutter of information running through your brain, Gemini. Pick a topic and focus on it exclusively for now. Surprising news comes mid-week.

CANCER – Jun 22/Jul 22
Cancer, your intuition is very sharp this week, so much so that you might start predicting others' behavior. Trust your gut on personal choices.

LEO – Jul 23/Aug 23
The spotlight may be on you right now, Leo. Take the stage, but share the glory with someone else. Collaborating on a creative project will yield better results than going solo.

VIRGO – Aug 24/Sept 22
Resist the urge to judge a friend's life choices, Virgo. You might want to micromanage things, but save that for your own schedule and needs. A small tweak to your routine is beneficial.

LIBRA – Sept 23/Oct 23
Libra, make an effort to be more decisive this week. Don't ponder every decision for hours; pick the first option and stick with it. This will free up time.

SCORPIO – Oct 24/Nov 22
You are operating in full detective mode, Scorpio. Before you delve into a new mystery, focus on mastering a new skill or solving a work problem.

SAGITTARIUS – Nov 23/Dec 21
Sagittarius, your wanderlust is flaring up, even if your budget is more attuned to a walk around the neighborhood. Find a way to travel on the cheap this week.

CAPRICORN – Dec 22/Jan 20
Schedule some time on the calendar to for fun things, Capricorn. Resting is just as important as your amazing work ethic. Your efficiency will get a needed boost as a result.

AQUARIUS – Jan 21/Feb 18
Aquarius, your wildest ideas may be your best ones this week. Write them all down before they drift away. Others may feel differently about your plan, and that's alright.

PISCES – Feb 19/Mar 20
Pisces, you are prone to daydreaming lately, but be sure to anchor yourself in reality from time to time. Turn imaginative vibes into creative pursuits.

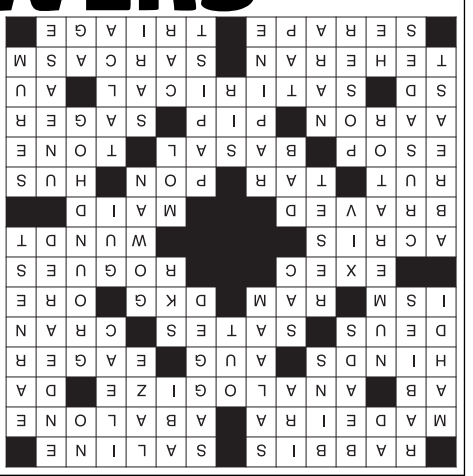

GUESS WHO?

I am an actor born in New York on November 2, 1966. However, I was raised in Los Angeles. I studied theater at Northwestern University. I became a household name in the mid-1990s while starring on a very popular TV show about a group of young people living in New York City.
