NEWSPAPER ADVERTISING

gets read. gets remembered. gets results!

With so many advertising mediums dividing the attention of potential customers, newspapers remain the most effective source for reaching consumers. Why? Simply put, newspapers reach more people, more often. Highly portable and highly visible, newspaper ads go with people and stay with them. That means your business is more likely to be on their minds when they're in the market for related products or services. When it comes to spending your advertising dollars, make the choice that's tried and true: newspaper advertising works harder for you.

To advertise, call today

Why you need dental insurance in retirement.

Medicare doesn't pay for dental care.¹

That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

Previous dental work can wear out.

Your odds of having a dental problem only go up as you age.²

Treatment is expensive — especially the services people over 50 often need.

Unexpected bills like \$299 for a filling ... \$1,471 for a crown³ can be a real burden, especially if you're on a fixed income.

¹"Medicare & You," Centers for Medicare & Medicaid Services, 2025. ²"Aging changes in teeth and gums", medlineplus.gov, 4/17/2022. ³FairHealth, Inc. National average dental fees. Data current as of July 2025; subject to change.

When you're comparing plans ...

► Look for coverage that helps pay for major services.

► Look for coverage with no deductibles.

► Shop for coverage with no annual maximum on cash benefits.

Simply put – without dental insurance, there may be an important gap in your healthcare coverage.
