Dear Bremer County Board of Supervisors,

We are writing you this letter in support of the proposed rezone of Mark & Wendy Halbach's 30-acre field on C-33/190th Street. We have been farming the land in question for the last 15 years. Even though we have been farming that field, we feel as though the property would be better suited for the community as a new subdivision. The area already seems to be residential in nature. Please feel free to reach out with any questions.

Iowa Code 22.7(18)

18. Communications not required by law, rule, procedure, or contract that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications from such persons outside of government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. As used in this subsection, “persons outside of government” does not include persons or employees of persons who are communicating with respect to a consulting or contractual relationship with a government body or who are communicating with a government body with whom an arrangement for compensation exists. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

b. Information contained in the communication is a public record to the extent that it can be disclosed without directly or indirectly indicating the identity of the person outside of government making it or enabling others to ascertain the identity of that person.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.
