What worries you most about kids and guns today?

Gun injuries and gun suicides are going up among teens. If a kid is acting angry or keeping to themselves, it's important to make sure they don't have access to a gun.

Gun injuries are the leading cause of death for children and teens in America. People often think of gun violence as a topic with no common ground, but we agree on more than we think. And 8 in 10 Americans agree that having productive conversations can help reduce gun injuries and death among children and teens.
