

# HELP WANTED

## *Environmental Education Coordinator*

This position, under the direction of the Fayette County Executive Director, is responsible for developing, organizing, and presenting the Fayette County Conservation Board's education program. The Environmental Education Coordinator educates the public about the county's natural environment and promotes environmental responsibility and stewardship by presenting programs in schools, at county facilities and other public settings.

A two-year college degree and one year experience in a natural resources, conservation or education field is required. Must have a valid Iowa driver's license, be insurable by the county's auto insurance policy, and must successfully complete a post-offer job-related medical examination. Fayette County residency is required.

Fayette County Conservation invites qualified candidates to apply via county online application
