BETTER BREATHING STARTS HERE

Trust the Experts at Cedar Valley ASCENT!

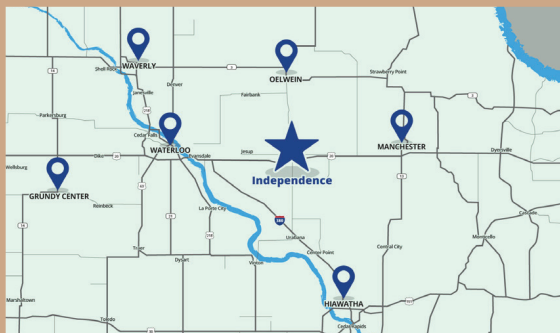

Breathing shouldn't be a struggle but for many people, sinus pain, constant congestion and restless nights make every day a little harder. Led by Dr. Kenny Rodriguez, Cedar Valley ASCENT treats chronic sinusitis with advanced solutions including balloon sinuplasty, a minimally invasive procedure that opens blocked sinus passages and helps you breathe freely again!

If you're dealing with sleep apnea, snoring or waking up exhausted, we offer comprehensive evaluations and customized treatment options designed to help you sleep soundly and wake up feeling refreshed.

Our expert team also treats structural issues like a deviated septum, along with chronic congestion, sinus pressure and other breathing problems that keep you from feeling your best.
