INDEPENDENCE – Buchanan County Deputy Cory Hartmann reports 48 pounds of prescription and over-the-counter drugs and medications during the spring 2022 DEA National Takeback event on April 30.

The event was held by the Buchanan County Sheriff’s Office and Independence Police Department with help from members of Buchanan County Substance Abuse Coalition.

“Thanks to the Chief Neidert of the Independence Police Department for his agency’s participation this year,” said Deputy Hartmann. “Also, thank you to Griffin Hickey with Pathways Behavioral Services, Tai Burkhart with Buchanan County Public Health and Rod Wulfekuhle and Chris Hare with Buchanan County Emergency Management for their assistance and collaboration.

Additionally, a big thanks to everyone that brought back to Iowa for interment in April 2016.”

Hartmann reminds the public that “these amounts are just small examples of the overall amount of drugs and medications in our communities that are unwanted, unused or expired, and they are not a subscriber, please consider becoming one because local journalism is only possible with your support.
