

NOI Public Notice Language: Vantage Wind Energy –
Turbine Maintenance and Component Replacement
Activities

PUBLIC NOTICE LANGUAGE

Vantage Wind Energy, LLC, One South Wacker Dr Ste 1500, Chicago, IL 60606-5600, is seeking coverage under the Washington State Department of Ecology's Construction Stormwater NPDES and State Waste Discharge General Permit.

The proposed project, Vantage Wind Energy – Turbine Maintenance and Component Replacement Activities, is located at 30821 Vantage Highway in Ellensburg in Kittitas County, WA.

This project involves 4.75 acres of soil disturbance for Highway or Road and Utilities construction activities wholly within the existing Vantage Wind Energy boundary.

The receiving water is the Columbia River.

Any person(s) desiring to present their views to the Washington State Department of Ecology (Ecology) regarding this Application, or interested in Ecology's action on this Application, may notify Ecology in writing no later than 30 days of the last date of publication of this notice. Ecology reviews public comments and considers whether discharges from this project would cause a measurable change in receiving water quality, and, if so, whether the project is necessary and in the overriding public interest according to Tier II anti-degradation requirements under WAC 173-201A-320.
