PINKERTON ACADEMY

Class of 2020

Inner strength, bravery will carry Class of 2020 forward

To Pinkerton Academy's Class of 2020,

Over the past weeks, you have been celebrated with inspirational tributes from celebrities, musicians, athletes and leaders. Closer to home, members of the greater Pinkerton community have shared their congratulatory messages with you, the Class of 2020.

However, the most fitting message of all may lie within the pages of A. A. Milne's classic children's

book, "The House at Pooh Corner."

Toward the end of the book, Pooh wonders what life will be like when his best friend, Christopher Robin, is no longer around to guide him. Christopher Robin, ever wise beyond his years, tells Pooh that, "You're braver than you believe, stronger than you seem and smarter than you think." Christopher Robin assures Pooh that he will be OK.

Though our world is far removed from the idyllic Hundred Acre Wood, the lessons Pooh and his friends learn there are timeless and relevant now more than ever. Just as Christopher Robin tells his "silly old bear," you, too, will emerge from this time of crisis with bravery, inner strength and deeper insights. You will get to the other side more resilient than before. Our wish is that each of you will be OK, too.

Congratulations graduates! Please come back and tell us your stories.

SUSANNE TARTARILLA
Dean of Students

'Now we are ready for our time'

To the Pinkerton Academy Class of 2020,

I am grateful to have served as your class president for the last four years. As we move toward graduation in these uncertain times, it remains important to reflect on the time we have spent at Pinkerton. By expressing gratitude to our most influential family members, friends, teachers and administrators, we can continue to make them proud.

After four productive years at Pinkerton, faculty members have done their jobs by preparing us for whatever the future may hold. While we should appreciate the time we had, continuing to move forward is even more important. Now we are ready for our time.

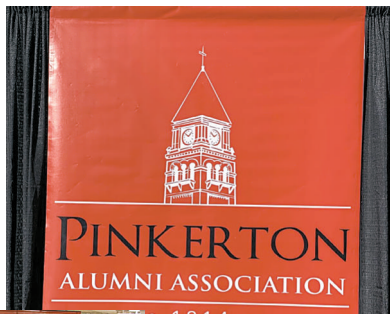

Let's recognize that our greatest asset moving forward is youth, and with that, opportunity. So no matter what your plan is after graduation, make the most of it. Be relentless and exceed your own standards. Excel in the areas of your choice, and live your life to the fullest extent.

One lesson we have learned, during the pandemic, is not to take things for granted. During our time together, I have seen the versatility and resilience of our class. Through the experiences we have shared, I am confident that the Class of 2020 will continue to battle through adversity — and triumph.

JEFF POTVIN
President
Class of 2020

A class united

To the Class of 2020,

We are currently in a situation unlike any that we have experienced before. The uncertainty of these times takes away our feeling of normalcy and leaves us feeling unsure

about the future. But it is times like this that also bring us together and help define a new sense of community and let your strengths shine.

While this is not how we expected, or wanted, to end your time at Pinkerton Academy when we started out on our journey together four years ago, we are so proud of the Class of 2020. Despite all of the hardships that COVID-19 has brought you, you all have continued to make the most of your remote senior year experience. Whether participating in classes or nonacademic opportunities, or finding ways to celebrate your class while away from campus, the Class of 2020 has continued to show that Astro Pride that we all know you for.

Stay strong, and we cannot wait to see you all again!

To the Graduates of 2020:

Today, we celebrate and salute you—your strength, your resiliency, and your perseverance. Your senior year has certainly not ended how you had expected. These last few months of your senior year should be a time of celebration and excitement, not disruption and uncertainty. However, in these extraordinarily difficult times, you have demonstrated who you are and what you can accomplish in the face of adversity.

You are experiencing the remarkable good that happens when individuals and communities come together to support and strengthen each other. Graduating in this unparalleled time of change is a testament to the change you can bring to our world.

We congratulate you, Class of 2020. You are unstoppable.
