Bobby Cannavale  
and Olivia Wilde  
star in "Vinyl"

Bobby Cannavale ("Boardwalk Empire") stars as record company founder Richie Finestra, who's struggling to save his business in the new drama "Vinyl," premiering Sunday, Feb. 14, on HBO. In what feels like a trip back in time, the series paints a dramatic picture of the 1970s New York City music scene, and rock 'n' roll icon Mick Jagger teams up with iconic Hollywood director Martin Scorsese to bring it to the small screen.

## Mick Jagger and Martin Scorsese light up HBO with 'Vinyl'

By Kyla Brewer  
TV Media

It's only rock 'n' roll, but he likes it. In the 1970s, The Rolling Stones frontman Mick Jagger was one of the most recognizable and influential figures in the music industry, rubbing elbows with other icons of the day. So who better to consult for a TV series about the hedonistic era?

Jagger serves as an executive producer for HBO's much-talked-about new series "Vinyl," which premieres Sunday, Feb. 14. Set in 1973, the gritty drama created by Terence Winter ("The Sopranos," "Boardwalk Empire") stars Bobby Cannavale ("Boardwalk Empire") as Richie Finestra, the founder of a record company on the brink of collapse.

In the debut episode, Finestra experiences a personal crisis after a meeting with a German company interested in buying his American Century Records label goes awry. As he sets out to revive his business and rediscover his love of rock 'n' roll, he has an epiphany of sorts about the kind of music he's after.

"It's fast, it's dirty, it smashes you over the head — that's rock 'n' roll," states Cannavale's Finestra in a promo for the series.

"Vinyl" has created a lot of buzz, and not just because of Jagger. Academy Award-winning director and Hollywood heavyweight Martin Scorsese ("The Departed," 2006) is also linked to the project as both an executive producer and director of the show's cinematic two-hour premiere. The two men worked together on the 2008 documentary "Shine a Light" about The Rolling Stones, during which he and Jagger discussed the singer's idea for a film about the music industry, an idea that had been years in the making for Jagger.

"Vinyl," however, isn't biographical. At the Jan. 15 premiere of the series in New York, Jagger told the U.K.'s Daily Mail MailOnline: "It's a

Ato Essandoh as seen in "Vinyl"

fictional series, but, of course, there's an amalgam of people that I knew, characters that existed — we took a lot of real characters, made amalgams of them, mixed them all up and came out with the ones we did."

Real-life early punk rock group New York Dolls factors heavily in the premiere as Finestra discovers their unique sound when he wanders into the Mercer Arts Center. Noah Bean appears as David Bowie in episode 6, which has a memorial card at the end to honor the late singer and friend of Jagger's. Other artists rumored to be represented in the series include Lou Reed, Elvis Presley and John Lennon.

Real and fictional, it's quite a cast of characters. In addition to Emmy winner Cannavale as Finestra, the period drama stars stunner Olivia Wilde ("House") as Richie's wife, Devon, a former model and actress who was once a part of Andy Warhol's Factory scene. Emmy winner Ray Romano ("Everybody Loves Raymond") makes a departure from comedy as Zak Yankovich, a partner at American Century who works in Finestra's shadow. Ato Essandoh ("Elementary") plays Lester Grimes, a former singer who has a history with Finestra.

None other than Mick Jagger's son, James Jagger ("Sex & Drugs & Rock & Roll," 2010), plays Kip Stevens, lead singer

of cutting edge band The Nasty Bits scouted by ambitious A&R assistant Jamie Vine (Juno Temple, "Atonement," 2007), while Andrew Dice Clay ("Entourage") appears in a recurring role as Frank "Buck" Rogers, the owner of a chain of radio stations who causes Finestra grief when he threatens to boycott American Century.

Led by Cannavale, the ensemble cast brings to life a cross-section of the 1970s rock 'n' roll subculture. Featuring a heady mix of sex, drugs and violence, "Vinyl" is not for the faint of heart, even for fans of the often-controversial HBO. The carefully created sets and lavish costumes give the series a genuine 1970s vibe, and are

reminiscent of the movies that defined Scorsese in that same era, such as "Mean Streets" (1973) and "Taxi Driver" (1976). In fact, the director even inserted previously unseen footage from "Taxi Driver" into a scene in which Finestra drives through New York to give it authenticity.

That kind of nostalgia is intoxicating, and few do it better than Scorsese, big screen or small. "Vinyl" has an unmistakable big-screen feel, which makes sense given Scorsese and Jagger initially tried to develop the concept as a film entitled "The Long Play." Without funding, they switched gears to television and, with Winter's help, began work on the project's final iteration.

Scorsese has worked with Winter before. He previously directed the debut episode of Winter's critically acclaimed "Boardwalk Empire," which earned a whopping 57 Emmy nominations over the course of its five-season run. (Incidentally, Cannavale won a 2013 Emmy for his role as Gyp Rosetti in that series.) Even coming from HBO, the combination of "Vinyl's" Jagger, Scorsese, Winter and Cannavale is huge.

The ambitious series is nothing short of a trip back in time that — in Finestra's words — "[shows] people how rock 'n' roll is supposed to make you feel." Don't miss a beat — check out "Vinyl" beginning Sunday, Feb. 14, on HBO.

## Culinary cunning

Bravo's 'Recipe for Deception' brings mind games to the kitchen

By Andrew Warren  
TV Media

**A**h, food! It brings people together like nothing else does. But in Bravo's latest cooking competition, it also turns people into dirty liars.

The show is "Recipe for Deception," and it's currently airing Thursday evenings. Hosted by comedian Max Silvestri ("Don't Walk"), its basic premise sounds pretty familiar: two pairs of chefs square off in a face-to-face cooking battle, each using their own mystery ingredient, with the winner of each duel then battling the other winners for the distinction of being named that episode's champion — not to mention walking away with a fat \$10,000 prize.

Simple, right? Not so fast. "Recipe for Deception" can be deceptive in its familiarity. That mystery ingredient that the chefs have to cook with? Yeah, they don't even know what it is!

Luckily for the clueless contestants, they're each told which mystery ingredient their opponent needs to be using, and each round of competition

Chris Oh, Max Silvestri and Jonathan Waxman as seen in "Recipe for Deception"

starts off with a classic game of "two truths and a lie." Each chef gets a chance to ask his or her opponent three questions about this secretive mystery ingredient, and the opponent

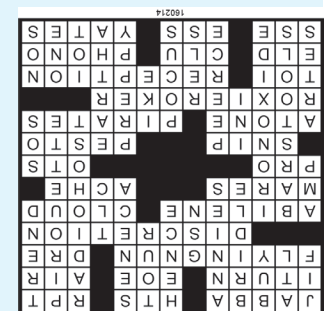

must answer two of them truthfully — but only two.

With the judges — chefs Jonathan Waxman ("Top Chef Masters") and Chris Oh ("The Great Food Truck Race") — determining not only the entire dish's quality but also its use of the secret ingredient, figuring out what it could be before the clock runs out is a top priority for the contestants.

There's even an element of espionage in the mix. If a chef loses his duel, that's not the end: in the third and final round, as the two previous winners go head to head, the two defeated chefs are given inside knowledge of the secret ingredients — knowledge that they can share for a slice of the \$10,000 pie the winner gets.

It's a classic cooking competition with a unique twist that makes it unlike anything else on television, at least when it comes to cooking shows. "Reci-

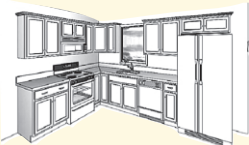

pe for Deception," Bravo's latest culinary offering, airs Thursday evenings.

## Video releases

### Steve Jobs

The year is 1984, and Apple co-founder Steve Jobs (Fassbender) is riding high after the successful launch of the Macintosh computer. Behind the spotlight, though, lives a troubled man who humiliates and belittles his subordinates, alienates Apple co-founder Steve Wozniak (Rogen) and refuses to acknowledge his daughter from his ex-girlfriend, Chrisann (Waterston). Over the course of the next several years, as Jobs launches three different computer products at two different companies, his personal relationships and ambitions push him to become one of the fathers of the modern digital computing age.

Director: Danny Boyle. Stars: Michael Fassbender, Seth Rogen, Jeff Daniels, Kate Winslet, Katherine Waterston, Michael Stuhlbarg. 2015. 122 min. Biography.

### Trumbo

Dalton Trumbo (Cranston) is one of the most celebrated screenwriters in Hollywood during the 1940s. However, he refuses to hide his communist sympathies, speaking publicly about his support of organized labor and joining the Communist Party. As paranoia about communists sweeps the nation, Trumbo and many of his peers are thrown into prison. After serving their sentences, they find themselves blacklisted in the film industry and unable to find work. Now living in poverty, Trumbo begins ghostwriting, and watches from the sidelines as others receive credit for his Academy Award-winning screenplays. Meanwhile, his family life deteriorates as his wife (Lane) and children need to find jobs to support the struggling family.

Director: Jay Roach. Stars: Bryan Cranston, Diane Lane, Michael Stuhlbarg, Helen Mirren, Louis C.K., John Goodman. 2015. 124 min. Biography.

## Caught on Camera With Nick Cannon

7 8:00 p.m.

Host Nick Cannon presents a vast array of hilarious footage from cellphones, dash cams, camcorders and more in a new episode of this comedy series. The program features first-person accounts of what's happening on screen from those who lived it.

## Shark Tank

5 9 9:00 p.m.

People with innovative products and services pitch their ideas in the hopes of convincing self-made millionaires and billionaires to invest their own money in this new episode. The "Shark Tank" panel includes Kevin O'Leary and Mark Cuban.

Bridget Moynahan in "Blue Bloods"

## Grimm

7 9:00 p.m.

When Monroe (Silas Weir Mitchell) receives a call from a relative in Germany, it could bring Nick (David Giuntoli) closer to his ancestors in this new episode. However, it appears that another group may be interested in the same artifacts.

## Blue Bloods

4 10:00 p.m.

New York City Police Commissioner Frank Reagan (Tom Selleck) is the patriarch of a family of police officers and lawyers. Bridget Moynahan stars as his daughter, an assistant D.A. who serves as a legal and moral compass for the family.

# Hollywood Q&A

**By Adam Thomlison**  
TV Media

**Q: Can you please tell me when "The Americans" and "Tyrant" are returning to the FX channel?**

A: It looks like FX has you covered straight through the summer, if those are your shows. "The Americans" is slated to return March 16, with a 13-episode sea-

son that will run into June, when "Tyrant" should be back.

I say "should be" because while FX has been generous enough to offer a precise premiere date for "The Americans," it hasn't done so yet for "Tyrant." Both of its previous seasons had June premieres, though, so it's a safe bet Season 3 will as well.

Though FX hasn't given "Tyrant" a release date, it has an-

nounced that this season will be only 10 episodes long (two shorter than last year). But that means you'll still have something new to watch right up to the end of the summer.

For the colder months leading up to "Tyrant's" return, FX is offering some of its deepest Cold War intrigue yet in the "The Americans," which is set in the 1980s. Executive producer Joel Fields said

that the events of this season tie in to Reagan's Star Wars defense initiative, which, unbeknownst to most people at the time, caused a lot of diplomatic strife with the Soviets.

"A lot of people refer to this exact period as one of the tensest in the Cold War," Fields told Entertainment Weekly. "Philip [Matthew Rhys, "Brothers & Sisters"] and Elizabeth [Keri Russell, "Felic-

ty"] are going to be in the middle of some of the most dangerous operations that, interestingly, were not playing out in the headlines but were happening behind the scenes and didn't come out until after the Cold War was over."

A photo from the set of the new season also shows star Russell in one of her most outlandishly '80s outfits yet, so you have that to look forward to as well.

Unfortunately, no one's doing any leaping for the new "Tyrant" season, besides network executive Eric Schrier issuing a boilerplate statement that he and his fellow suits "look forward" to it.

## ARE ANTIBIOTICS LINKED WITH CHILDREN'S WEIGHT GAIN?

Two of the more important issues on the minds of many health experts are the current obesity epidemic and overuse of antibiotics. First, childhood obesity has more than tripled over a recent 30-year period; second, unnecessary use of antibiotics is giving rise to drug-resistant bacteria. Now, a new study may have found an intersection between these two issues after assessing the health records of 163,820 children between the ages of 3 and 18 years. Researchers found that, at age 15, children who had taken antibiotics seven or more times during childhood,

weighed approximately three pounds more than those who did not receive any antibiotics. It seems that antibiotic use may change gastrointestinal bacteria, which leads to weight gain.

The new study is one of the first to examine the link between antibiotics and weight gain, not just in infancy but during most of childhood. There are efforts to limit their use because of the growing problem of resistance to them. For more information, please call **PERROTTA'S SUPER DRUG at 978-682-2557**. We are more than happy to answer any questions you might have about medical supplies and prescription medications. We are located at **292 Prospect Street**.

**HINT:** The high incidence of obesity in children makes them more likely to develop high blood pressure, type-2 diabetes, and high cholesterol levels, and more likely to experience low self-esteem, depression, and negative body image.

A lot of people are upset by the total lack of diversity by the Oscar nominations. Spike Lee and Jada Pinkett Smith announced they will be boycotting this year's Oscars. After hearing about it, Vin Diesel said: "Hey, I boycott the Oscars every year."

"New York values." Trump said that's ridiculous, then overcharged Cruz for a bagel.

It was reported today that 62 people own half of the world's wealth. The other half bet on the Green Bay Packers.
