Cheryl Hines, Johnny Pemberton, Zorn and Tim Meadows in "Son of Zorn"

## Dad's home

Featuring the voice talents of "Saturday Night Live" alum Jason Sudeikis, "Son of Zorn" is the latest addition to Fox's cartoon-heavy Sunday night lineup. The comedy centers on Zorn, an animated barbarian from a violent, monster-ridden island in the Pacific Ocean, as he returns to Orange County to reconnect with his live-action ex-wife and teenage son. Also starring Cheryl Hines ("Curb Your Enthusiasm"), Johnny Pemberton ("21 Jump Street," 2012) and Tim Meadows ("Saturday Night Live"), the series premieres Sunday, Sept. 25, on Fox.

### Celebs trade in scripts for aprons in 'Star Plates'

By Andrew Warren  
TV Media

Cooking isn't so different from acting, right? Learning a recipe is just like memorizing a script; figuring out how to cut the ingredients properly isn't so different from perfecting the body language of a scene.

If only it were so easy. Celebrities are about to find out what it really takes to work the line in a high-end restaurant's kitchen in "Star Plates," a new Food Network show that gives foodie celebrities a chance to work alongside their favorite chefs — provided they can get the basics down, that is.

The Tuesday, Sept. 27, premiere finds "The Mindy Project" star Mindy Kaling joining renowned chef Marcus Samuelsson at Red Rooster, his Harlem, New York, restaurant, for an experience that she's been dreaming of.

Her favorite Red Rooster dish is the Fried Chicken Royale, and Samuelsson himself is walking her through the steps necessary to make it perfectly each and every time. As Kaling

Marcus Samuelsson and Mindy Kaling as seen in "Star Plates"

finds out, there's a lot more to this fine-dining fried chicken than just dredging it through some flour and throwing it in some hot oil, but she needs to perfect the dish quickly — after all, everyone in the kitchen has

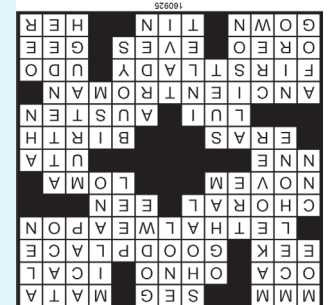

a job, and this actress is no exception.

With a dining room full of hungry, paying customers, Kaling works the line, frying chicken with Samuelsson's watchful gaze making sure that nothing goes out to his guests that doesn't meet his exceedingly high standards. The real challenge for Kaling, though, is keeping her eyes off of the kitchen's eye candy and on the hot oil instead.

Other celebrities helping out in the kitchens of their favorite restaurants this season include sportscaster Erin Andrews ("Dancing With the Stars"), actresses Minka Kelly ("Friday Night Lights") and Busy Philipps ("Cougar Town"), and actor Colin Hanks (" Fargo").

They cook alongside such culinary legends as Geoffrey Zakarian, Dakota Weiss, Michael Voltaggio and Vinny Dotolo, always in their own restaurants where they serve up food to real paying customers.

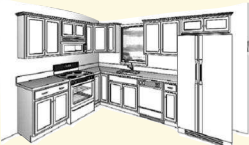

Celebrities and chefs come together to bring food to the masses in "Star Plates," premiering Tuesday, Sept. 27, on Food Network.

With no idea how to meet girls who aren't as wild as they are, the duo puts an ad online that quickly goes viral, and they soon meet Alice (Kendrick) and Tatiana (Plaza), who make a great first impression, earning themselves invitations to the Hawaiian wedding. As the family soon finds out, though,

# Hollywood Q&A

**By Adam Thomlison**  
TV Media

**Q: On occasion, Hallmark Channel shows the movie "Class" with Justin Bruening and Jodi Lyn O'Keefe. Is this movie available on DVD? If so, where?**

**A:** Hallmark Channel does a good job, understandably, of keeping its made-for-TV movies

alive. That's the beauty of being a production company with your own channel: Whereas once upon a time Hallmark produced movies for the broadcast networks, which would often disappear for good as soon as they aired, now they live on in repeats.

What I'm doing here is softening the bad news for you. Hallmark has not yet released

"Class" on video. It still may happen — the company has released many of its titles on DVD — but the fact that "Class" aired all the way back in 2010 and still hasn't seen a release is not a good sign.

However, we live in the future, and boring old technologies like little plastic discs with massive amounts of information burned onto them with lasers (tech

changes so fast) aren't the only way to watch videos. Hallmark has launched a streaming service, Hallmark Channel Everywhere, which makes a selection of its older releases available online. "Class" isn't up there at the moment, but Hallmark says it changes the offerings regularly. And since it still airs the movie on television, it knows there's still audience demand.

Indeed, star O'Keefe has been introduced to a whole new generation of fans recently. Once best known for her co-starring role in the '90s detective show "Nash Bridges," she's recently appeared in more youth-skewing titles, such as "The Vampire Diaries" (playing Dr. Jo Laughlin in the show's sixth and seventh seasons) and VH1's dance-themed drama "Hit the Floor."

Co-star Bruening has been staying fresh, too, doing guest arcs in the teen show "Raven-swood" on ABC Family and the more mature cop drama "Hawaii Five-0."

**SAFE AS  
NON-PRESCRIPTION?**

With more than one-third of Americans taking non-prescription medications, it is important that these individuals understand what the drugs are and decide if they are appropriate. While the FDA has required that manufacturers of over-the-counter (OTC) drugs demonstrate that the medications are safe and effective, these medications are not tested on all the groups likely to take them. Keeping this in mind, pregnant women, breastfeeding mothers, seniors, and others should be careful to read the labels of OTC drugs for warnings and dosages. It's also important to scan the list of

other drugs that may interact with the OTC drug. Everyone taking OTC drugs should understand their symptoms and decide whether the OTC medication they choose adequately treats them.

It's never too late to become an informed consumer about your health. At PERROTTA'S SUPER DRUG, we are more than happy to answer any questions you might have about over-the-counter medications as well as brand name drugs. For more information, please call at 978-682-2557. We take the time to ensure you are getting the best care possible. Our pharmacy is located at 292 Prospect Street.

HINT: When choosing an over-the-counter drug, identify the active ingredient and whether it is augmented with other ingredients that may supplement its effect.

Beyoncé won Best Pop Video, Best Female Video, Best Choreography, Breakthrough Longform Video, Best Direction, Cinematography, Editing and Video of the Year. Just for the hell of it, they threw in the Nobel Prize in Economics.

Donald Trump is challenging Hillary Clinton to release "detailed medical records." This marks the first time Trump's ever been interested in the body of a woman over 40.

A 25 year old has scammed over \$1 million from Trump supporters. It's being called "the first time in years that the Trump name has actually made someone money."

A developer in New York wants to build an IHOP on top of a Revolutionary War cemetery. IHOP's CEO said: "It makes sense. We've killed more Americans than the British ever did."

He was like, "because I ain't living in that dump. I'm going to get a mansion down the street and I'll check in every other week."

The CEO of Wendy's says the election is hurting the chain's burger sales. People are spending less because they are worried about the future. Let's be honest here, if you're eating a Wendy's Baconator, you're probably not too concerned about the future.

## The Late Show With Stephen Colbert

Mrs. Palin just posted on Facebook that she tripped

and fell while doing something called "rock-running." Not sure what rock-running is, but I think it's when you jog while playing air guitar.

Palin fell and hit her head on a rock. Don't worry, she's OK or, you know, the same.

Trump is planning a major immigration policy speech Wednesday in Arizona. Now, he was originally supposed to give it last Thursday in Colorado, so it moved later and further south. If he delays it again, it's Monday at the Panama Canal.

## Jimmy Kimmel Live

On Sept. 26, Donald Trump and Hillary Clinton will face off in a debate at Hofstra University. And this is interesting: the Clinton campaign is using psychology experts to create a personality profile of Trump to figure out what his approach might be. That seems crazy. Are they preparing for a debate or trying to catch a serial killer?

I actually love this [season's "Dancing With the Stars"] lineup. Between the election and "DWTS," the American people are now gonna get two chances to not vote for Rick Perry in one year!

Donald Trump took a quick trip to Mexico to meet with President Peña-Nieto. The Mexican president invited Trump to visit, and Donald took him up on it, which had to be a surprise. My guess is that it was kind of like when you invite a second cousin to your destination wedding and hope he won't actually show up. Things got off to an awkward start when Peña-Nieto came out to greet Trump and Trump handed him his keys.

## Late Night With Seth Meyers

Former representative Anthony Weiner's column in the New York Daily News was dropped today after reports of a third sexting scandal. But if you still want to see Weiner's column, don't worry, he'll text it to you eventually.

Taylor Swift skipped the MTV Video Music Awards to attend jury duty in Tennessee. Said the other jurors: "Please stop calling us your 'squad.'"

Hillary Clinton spoke yesterday about her preparation for the upcoming presidential debate, and told reporters, quote: "I do not know which Donald Trump will show up." Yes, will it be the kind, generous and intelligent Donald Trump, or will it be the one who exists?
