Boil Water Notice Rescinded

11-02-26

On 10-28-26, the Texas Commission on Environmental Quality required the Gill Water Supply Corporation, public water system, PWS: 1020021, to issue a Boil Water Notice to inform customers, individuals, or employees for Fm 2983 and South of Fm 2625- Hwy 59, Fm 1186 and Hwy 79 that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling to use as of 11-02-2026.

If you have any questions concerning this matter, you may contact:
