DEMANDING CONDITIONS DEMAND JENNMAR

SAFETY, SERVICE, AND INNOVATION

JENNMAR designs and manufactures a wide range of dependable ground control products, from bolts and beams to channels and trusses, resin, rebar, and more. We're proud to make products that make the mining, tunneling, civil, and construction industries safer and more efficient.

Because we understand the ever-changing and demanding conditions above and below ground we have built the richest portfolio of diverse and complementary brands. JENNMAR sets the bar in every industry we serve and as we continue to grow, our focus will always be on the customer.

We feel it is essential to develop a close working relationship with every customer so we can understand their unique challenges and ensure superior customer service. Our commitment to the customer is guided by three words: **safety, service, and innovation.** It's these words that form the foundation of our business. It's who we are.

GLOBAL HEADQUARTERS | PITTSBURGH, PA USA | (412) 963-9071

For more information on our portfolio of diverse and complementary brands visit us at www.jennmar.com.

⚡ NEVADA NORTH LITHIUM PROJECT • ELKO COUNTY

NO TAILINGS POND. JUST NEVADA LITHIUM.

A 42-year mine life engineered with dry-stack tailings, BLM-approved exploration, and a commitment to domestic battery-grade lithium supply - 73 km north of Wells, Nevada.

LOCAL

~2,000 construction and ~350 permanent jobs planned for Elko County.

RESPONSIBLE

Dry-stack tailings design. No tailings pond. BLM-approved exploration program.

STRATEGIC

Domestic lithium for the U.S. battery supply chain. PFS underway with Fluor Corp.

FLS

WEMCO[®] II Self-aspirating flotation cell

Upgrade your flotation

WEMCO II flotation cells provide a proven path to higher recovery and lower operating costs. Available as a new installation or through an upgrade package for existing WEMCO units, these cells are engineered to provide excellent aeration, mechanical simplicity, and operational efficiency.

Secure long-term value with full lifecycle services tailored to your operational requirements and goals.

Key benefits:

- Higher recovery
- Greater efficiency
- More uptime
- Lifecycle service

THE DRIVE BEHIND YOUR WORKFORCE

POWERED BY SAFETY. DRIVEN BY RELIABILITY.

In mining, every shift starts with the ride. My Ride to Work delivers safe, reliable, and efficient employee transportation—keeping crews on time and operations running strong.

With 20+ years of experience and a proven track record serving leading mining operations, we combine technology, infrastructure, vehicles, and safety programs to meet the toughest worksite demands.

From management to maintenance, dispatch to the driver's seat, our team knows the route - literally and figuratively. Whether you need to transform your transportation program or build one from the ground up, we're ready to deliver.

**LET'S GET YOUR CREWS MOVING
RESTED, READY, & ON TIME**
