
This map was created by OSSBA using the guidelines set forth in state Education Department's safety protocols guidance and the county-level case data as reported by the state Health Department as of Nov. 19, 2020. The state Health Department calculates a 7-day average of new cases to arrive at the cases per 100,000 figure used to determine the color-coded risk level. To see the differences between this map and the one published weekly by the state Health Department, click here.

Color	Criteria	SDE Recommended Safety Protocol
GREEN	Up to 1.43 cases per 100,000	Green Level Recommended Safety Protocols
YELLOW	1.43 to 14.29 cases per 100,000	Yellow Level Recommended Safety Protocols
ORANGE 1	14.29 to 25 cases per 100,000*	Orange 1 Level Recommended Safety Protocols
ORANGE 2	25 to 50 cases per 100,000*	Orange 2 Level Recommended Safety Protocols
RED	50+ cases per 100,000*	Red Level Recommended Safety Protocols
